

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

		EFFECTIVE SERVICES - - - - -
		NON-EFFECTIVE SERVICES - - - - -
		TOTAL EFFECTIVE AND NON-EFFECTIVE SERVICES - £.

* These 20,000 men, all ranks, were voted upon an Army Supplementary Estimate (for numbers) presented to Parliament 1st August 1870; but as any excess charge incurred on their account will be defrayed from the Vote of Credit for 2,000,000 £. granted at the same time to the Lords Commissioners of Her Majesty's Treasury, no figures representing the expenditure for the 20,000 supplemental men are included in the column showing the amounts estimated for 1870-71.

† These amounts are based upon the average Receipts of the three years last past; the sum actually paid into the Exchequer for the year ending 31 December 1870 is detailed on page 132.

‡ £. 10,000, included in the Army Estimates, 1870-71, was not voted; the deduction consists of 5,000 £. from Vote 13, Works, and 5,000 £. from Vote 16, Administration of the Army.

* Exclusive of Manufacturing Departments, Woolwich Arsenal.

† As under the present organization of the War Department the whole Expenditure for Transport at Home and Abroad is administered by the Control Department under the Surveyor General of the Ordnance, all items for this Service last year dispersed through the various Votes for Army and Reserve Forces are in the present year's Estimates provided above; hence the apparent increase.

Vote 10.—PROVISIONS, FORAGE, FUEL and LIGHT, MOVEMENT of TROOPS, &c.—*continued.*

NET INCREASE - - - £. 327,037

* VALUE OF STORES TO BE RECOVERED FROM—

	£.
Indian Government, for Regiments on Indian Establishment - -	136,579
Admiralty, for Supplies to Royal Marines - - - - -	24,286
Foreign Office, for Clothing for Legation Guard in China and Japan - -	188
Custom House, for Customs Officers - - - - -	1,200
Volunteers, for Issues of Materials - - - - -	9,948
Clothing and Necessaries issued on Repayment - - - - -	92,169
TOTAL DEDUCTIONS - - - £.	263,370

An Appendix to the Parliamentary Account of Army Expenditure will contain a Statement of the Expenditure of the above Amounts as restricted to the various Departments specified in the following Detail of the Vote, in comparison with the Estimates for each Department.

* These establishments also provide for the following additional services not defrayed out of Army funds:—

- | | |
|---|--|
| 1. The clothing for the European troops in India. | 4. Necessaries to the Militia on repayment. |
| 2. The clothing for the Royal Marines. | 5. The receipt, inspection, and issue of all clothing for the Metropolitan Police of London and Dublin, General Post Office, and Custom House, and Irish Constabulary. |
| 3. Clothing materials to Volunteers on repayment. | |

The Government of India contributes 3*l.* per cent. upon the value of the clothing issued to India, to cover establishment expenses. This amount is paid into the Exchequer as extra receipts. It also repays all charges connected with packing the clothing for shipment.

A sum, amounting to about 3,500*l.*, is annually received for the sale of cuttings of cloth, which is also paid into the Exchequer as an extra receipt. The Volunteers are charged 5*l.* per cent. in addition to the contract price of the clothing materials, to cover all establishment expenses and inland freight.

† The increase upon this item is counterbalanced by a saving on Vote 16.

	578,446	837,800	39,646	299,000
DEDUCT,—a Sum equal to the Estimated Expenditure for Purchase of Commissions transferred from the Reserve Fund Account -	34,800	239,800	—	205,000
£.	543,646	598,000	39,646	94,000

NET DECREASE - - - £. 54,354.

The Receipts on the Reserve Fund Account are limited to the proceeds of the—

- (1.) Sale of the difference between the Full Value of an Infantry or Cavalry Commission, and that which an Officer is entitled to receive.
- (2.) Sale of Commissions in Succession to Officers placed on the Supernumerary, Seconded, and Half Pay Lists.
- (3.) Sale of non-purchase vacancies in Foot Guards.
- (4.) Interest on the investments of the Fund.
- (5.) Amount Voted as-stated above in aid of the Fund.

VOTE 19—continued.

		£. 143,496 12 -			£. 143,496 12 -	

REPORT of the Comptroller and Auditor General upon the APPROPRIATION ACCOUNT of the RECEIPT and EXPENDITURE for ARMY SERVICES in the Year ended the 31st of March 1870; prepared and submitted for the Information of the House of Commons, in pursuance of the 22nd and 32nd Sections of the Act 29 & 30 Vict. c. 39.

1. Vote 13, Stores, includes under Sub-Head S., Boats, charges amounting to 35 *l.* 16 *s.* 7 *d.*, and under Sub-Head U., Miscellaneous Stores, 187 *l.* - *s.* 2 *d.*; being payments made through Sub-Accountants. The Accounts containing the charges allowed by the proper departmental officers have been laid before me, but the vouchers in support of the above amounts have not been produced; in the absence of such vouchers I have been unable to ascertain whether the above sums have, or have not, been correctly classified and charged under the proper Head of Service. But I have felt it incumbent upon me, having regard to the terms of the 29th section of the Exchequer and Audit Departments Act, to admit the certificate of the examination and allowance by the departmental officers as proof of payment.

2. I may be permitted to observe, however, that had the same documents not been forthcoming in the case of any expenditure connected with the accounts of the Civil Services which are examined in this department, I should have been required by the same Act to report the sums in question as not properly chargeable to the Vote.

3. I have to notice a charge of 167 *l.* 6 *s.* 8 *d.*, under Vote 14, Part 1, "Barracks, Unforeseen Services at Home," and a credit to Exchequer Extra Receipts of 28 *l.* 18 *s.* 11 *d.*, which entries arise from the closing of an account with the Admiralty, in respect of the expense of providing a new Army Pontooning Ground in lieu of one required by the Navy for the purposes of the Chatham Dockyard Extension.

4. Having called the attention of the Secretary of State for War to these entries, he has concurred with me in considering that the proper mode of recording the expenditure, in connection with the Pontoon Establishment, would have been to charge the Grant with the full cost of the service; viz., 5,913 *l.* 7 *s.* 9 *d.*, and to credit the Exchequer with the full amount contributed by the Admiralty, viz., 5,775 *l.*, and entries in the War Office books have been made accordingly. As these correcting entries, however, occur in the Account for 1870-71, I have to observe upon the omission of a portion of the expenditure in the Account for 1869-70.

5. It has been observed that, although an agreement has been made with the Colony of South Australia for a capitation rate to cover Colonial allowances, and allowances in lieu of lodgings, to the Imperial troops stationed there, payments on account of lodging allowance are debited, and the amounts refunded credited, to the Colony as previously to the agreement. Copies of a correspondence with the War Office on the subject are annexed.

6. I also append copies of a correspondence with the War Office on the subject of certain expenditure in the Colony of Victoria, which having been properly vouched and charged against Army Grants has been withdrawn therefrom, and debited to Imprest Accounts. The payments from the local revenue to make good the expenditure referred to have, for the most part, as stated, been paid over to the Exchequer as extra receipts; and the course taken, viz., relieving Army Grants for 1869-70 from the charges in question will have the effect of either charging expenditure in 1869-70 on the Votes for subsequent years, or withdrawing the amounts from extra receipts payable to the Exchequer.

7. A sum of 30 *l.* has been charged against Vote 17, Sub-Head H., Telegraphs, being a payment on account of the expenses of the telegraph at St. Helena. No account of the expenditure of this sum having been rendered, I have to call attention to the same, as an Imprest, and to report that, according to the 24th section of the Exchequer and Audit Departments Act, 1866, it is not properly chargeable to Army Grants. Copies of the correspondence with the War Office on the subject are appended to this Report.

8. In the course of the examination of the Army Account, it has come under notice that an accident ward has been opened at Woolwich for men of the Manufacturing Department, the expense of which ward is defrayed out of stoppages from the wages of the men. No record of such stoppages is however made in the War Office books; and as it occurred in 1867-8, that a balance of expenditure over receipts became chargeable to Army Grants in respect of the ward, I consider that it would be more correct to record the receipts and expenditure of the accident ward in the War Office books. Copies of a correspondence with the War Office are annexed to this Report.

9. With reference to the Balance Sheet showing the ledger balances on the 30th September 1870, I have to notice that some of them appear to be of long standing; for instance, the balance of 26 *l.* 7 *s.* 6 *d.*, in respect of "Special Advances to the Colonial Government of New Zealand," has been standing since the 30th September 1866, and

Nos. 2 and 3.

Nos. 4 and 5.

Nos. 6 and 7.

Nos. 8 and 9.

the balance of 5,252 *l.* 4 *s.* 1 *d.* in respect of the late "Persian War," since 30th September 1865. The balance in respect of the "Third China War," though varying in amount, has also reference to a service of several years past.

10. As special accounts of this nature are seldom, if ever, closed without involving charges against, or credits to, Army Grants, it appears desirable that some inquiry should take place, whether the before-mentioned and any other Special Accounts could not be closed, and the balances ascertained and settled.

11. I have also to notice the following balances, viz :—

									£.	s.	d.
Remittances	-	-	-	-	-	-	-	-	61,380	1	10
Effects	-	-	-	-	-	-	-	-	22,053	14	11
Together - - £.									83,433	16	9

In former Accounts these two heads have been included in one account; the annual balances of which since 1864 have varied from 44,717 *l.* in 1866, to 95,036 *l.* in 1868.

12. These balances consist of monies due to soldiers, some portion of which may never be claimed; and with reference to the large amounts, it would appear worthy of consideration whether a portion of the Surplus Balance might not from time to time be transferred to the Consolidated Fund, a course which is prescribed with respect to the Naval Prize Cash Balance, by the 17th section of 27 & 28 Vict. c. 24.

13. The following Sub-Heads of Expenditure are shown in the Account, for which no provision was made in the Estimates :—

									£.	s.	d.
Vote 13. M.—Powder Barrels	-	-	-	-	-	-	-	-	52	8	11
„ 17. D.—Special Experimental Committee	-	-	-	-	-	-	-	-	4,061	9	3
M.—Equipping a Ship for Hospital and Sanitary purposes at Hong Kong	-	-	-	-	-	-	-	-	635	4	10

Explanation of the cause of the expenditure, in continuation of Services provided for in these Sub-Heads in former years, are given in the Account.

14. The amount of the Surplus or Deficit of Expenditure under each Vote will be found in the Statement appended to this Report.

									£.	s.	d.
15. The aggregate Amount of the Surpluses is	-	-	-	-	-	-	-	-	481,169	5	11
out of which the Deficits on other Votes have been temporarily defrayed under the authority of the Lords of the Treasury, in accordance with 32 & 33 Vict. c. 93, s. 27, amounting to	-	-	-	-	-	-	-	-	296,245	18	11

Net Surplus - - - £. 184,923 7 -

Add, Amounts realised in excess of the estimated Appropriations in Aid - - - 84,669 1 3

Value of Stores accounted for by the Government of India - - - 58,827 10 9

Amount to be surrendered, as shown in the Account - £. 328,419 19 -

Add, Amount of Expenditure at St. Helena, not accounted for, see para. 7 - - - 30 - -

Corrected Amount to be surrendered - - - £. 328,449 19 -

16. The Army Extra Receipts, as shown in the Memorandum attached to the Account, amounting to 740,214 *l.* 14 *s.* 1 *d.*, have been paid into the Exchequer.

17. In accordance with the directions of the Lords of the Treasury, a note has been appended to the Account, showing under each Vote the degree to which the Account of the financial year has been affected by the rectification of errors or omissions in the Accounts of previous years.

18. Copies of a letter from the War Office, and its enclosure, respecting the amount of Expenditure relating to the year 1869–70, not included in the Account, are annexed to this Report.

No. 1.

(signed) *W. Dunbar*,
Comptroller General of the Receipt and Issue
of Her Majesty's Exchequer,
and Auditor General of Public Accounts.

Exchequer and Audit Department,
31 January 1871.

— No. 2. —

Exchequer and Audit Department,
23 December 1870.

Sir,

THE Comptroller and Auditor General observes, that although an agreement has been made with the Colony of South Australia for a Capitation Rate to cover Colonial allowances and allowances in lieu of lodgings to the Imperial Troops stationed there, payments on account of lodging allowance are debited, and the amounts refunded credited to the Colony as previously to the agreement. I am, therefore, to request that you will move the Secretary of State to cause the Comptroller and Auditor General to be informed whether these transactions ought not to be included in the Capitation Rate.

The Under Secretary of State
for War.

I have, &c.
(signed) C. L. Ryan,

— No. 3. —

Sir,

War Office, 18 January 1871.

IN reply to your letter of the 23rd ultimo, No. 2598, requesting that the Comptroller and Auditor General might be informed whether the lodging money claimed from the local Government of South Australia ought not to be included in the Capitation Rate paid from the Colonial Revenue for every effective soldier at that station, I am directed by Mr. Secretary Cardwell to acquaint you that the Colonial Government is bound to provide barrack accommodation in addition to the Capitation Grant, or, in default, to pay for lodgings in lieu thereof.

I am, &c.
(signed) I. C. Vivian.

— No. 4. —

Exchequer and Audit Department,
23 December 1870.

Sir,

THE Comptroller and Auditor General has had before him an entry in the War Office books, debiting Military Accountant, Victoria, with 11,452*l.* 9*s.* 4*d.*, and crediting—

	£.	s.	d.
Victoria Government	-	-	-
Army Grants, 1869–70 (various Votes)	-	-	-
Imprest Accountants	-	-	-
	1,830	19	8
	4,878	12	8
	4,742	17	-

The last-mentioned sum being transfers between Imprest Accountants, no observation arises thereon.

The amount of 4,878*l.* 12*s.* 8*d.* is the aggregate of sums which have been passed by the Accountant General of the Army as duly vouched and properly chargeable, and charged, to Army Grants; and I am therefore to request that you will move the Secretary

tary of State for War to cause the Comptroller and Auditor General to be informed of the circumstances under which it is considered proper to withdraw the amount from the Appropriation Account 1869-70, and transfer the same to an Imprest Account.

I am also to request that the Comptroller and Auditor General may be informed of the grounds upon which it has been considered proper to transfer the first-mentioned sum of 1,830*l.* 19*s.* 8*d.* which had been charged against the Colony from the debit of the Colony to that of the Military Accountant.

It further appears that a sum of 34,282*l.* 15*s.* 2*d.*, being the amount of expenditure on account of the Colony to 31st March 1869, which has been certified by two Commissioners of the Colonial Audit Office at Melbourne as having been duly paid and vouched, has not been recorded in the War Office as a charge on Army Grants, but remains as a debit to the Military Accountant; and I am to request that the Comptroller and Auditor General may be furnished with information upon this point also.

The Under Secretary of State for War.

I have, &c.
(signed) *C. L. Ryan.*

— No. 5. —

Sir,

War Office, 5 January 1871.

IN reply to your letter of the 23rd December last, No. 2599, requesting to be informed of the reasons why certain sums, which had been properly vouched and charged against Army Grants for 1869-70, had been withdrawn therefrom, and upon other points in connection with the entry in the books of this Department debiting the Military Accountant, Victoria, and crediting the Victoria Government, Army Grants, and Imprest Accountants respectively, I am directed by Mr. Secretary Cardwell to acquaint you that the transactions referred to had reference to the awards from the Colonial and not from Imperial Revenues, like amounts having been paid by the Local Treasurer to the Military Accountant by whom they were accounted for, and paid into the Treasury chest on the spot, and who drew drafts for making the disbursements, using the War Office Cash Accounts merely as a channel through which to report a banking transaction. The classification of the Expenditure according to the voted items in the Estimates arose from a misapprehension. 2. That the sum of 34,282*l.* 15*s.* 2*d.* remaining at the debit of the Military Accountant, is an amount arising from like expenditure between the 1st April 1867 and 31st March 1869, the receipts on account of which have been paid over to the Exchequer as "Extra Receipts." This amount, and the sum added thereto by the journal entry, to which attention has been drawn, will become a subject for the consideration of the Lords Commissioners of Her Majesty's Treasury, who will be requested to decide as to the best manner of disposing of this apparent (but not actual) liability of the Military Accountant, an equivalent having been received from the local revenue of Victoria.

I am to add that the withdrawal from Army Grants was advisedly done, it being expedient that the total drafts issued in 1869-70 by the Treasury Chest on account of the sums paid in respect of the like amounts deposited therein, should be placed in the same category as those applicable to the preceding period pending further proceedings, as the payments from the local revenue have, for the most part, been paid over to the Exchequer as "Extra Receipts," instead of being taken in discharge of the liability standing at the Ledger Account of the Military Accountant.

The Secretary, Exchequer and
Audit Office.

I am, &c.
(signed) *W. H. White.*

— No. 6. —

Sir,

Exchequer and Audit Department,
12 December 1870.

I AM directed by the Comptroller and Auditor General to call your attention to an entry in the War Office books, debiting Vote 17, Sub-Head H., Telegraphs, with a sum of 30*l.*, paid to Captain Clements, R.E., on account of the expenses of the Telegraph at St. Helena.

No account has been rendered of the expenditure of the above sum, and as the payment is to an Officer of the War Department, and not as a contribution to the Colony which shares the cost of the Telegraph, the Comptroller and Auditor General can only consider it as an Imprest, not properly chargeable to Army Grants.

The Under Secretary of State for War.

I am, &c.
(signed) *C. L. Ryan.*

— No. 7. —

Sir,

War Office, 13 January 1871.

IN reply to your letter of the 12th December last, No. 2471, calling attention to an entry in the books of this office debiting Vote 17, Sub-Head H., "Telegraphs," with a sum of 30*l.* paid to Captain Clements, R.E., on account of the expense of the telegraph at St. Helena, I am directed by Mr. Secretary Cardwell to inform you that he concurs in the opinion of the Comptroller and Auditor General, that an account should be rendered of all such Expenditure; and he has accordingly given instructions that in future the whole expenditure shall be charged direct to the Vote through the Accounts of the Control Paymaster at the station, who will make all necessary payments on the certificate of the Commanding Royal Engineer, and that the contributions from the St. Helena authorities shall be passed to the credit of the Exchequer as an "Extra Receipt."

The Secretary,
Exchequer and Audit Office.

I am, &c.
(signed) *H. W. S. Whiffin.*

— No. 8. —

Exchequer and Audit Department,
12 December 1870.

Sir,

THE Comptroller and Auditor General observes from the Woolwich Account, February 1870, that an accident ward for the men of the manufacturing departments has been reopened, and that in 1869-70, 33 patients were admitted, from whose wages 1*s.* per diem was stopped, and paid to the cook who provided their diets.

No record of such stoppages appears, however, to have been made in the War Office books.

The ward has been formerly open, and was maintained in a similar manner by stoppages from the men's wages not recorded in the War Office books; it was closed in 1867-8, at which time the stoppages had not been found sufficient to meet the expense, and a balance was charged to Army Grants.

Under these circumstances, the Comptroller and Auditor General considers that it would be more correct to record the receipts and expenditure of the accident ward in the War Office books, and I am to request that you will move the Secretary of State for War to cause the Comptroller and Auditor General to be informed of any reasons which may exist for not following that course.

The Under Secretary of State for War.

I have, &c.
(signed) *C. L. Ryan.*

— No. 9. —

Sir,

War Office (no date).

IN reply to your letter of the 12th instant, No. 2473, I am directed by Mr. Secretary Cardwell to acquaint you with the following facts:

1. The sum of 6*s.*, which was included in the Woolwich account for February 1870, was authorised to be charged, because the sum payable for wages in a preceding account has been abated to that extent, and therefore Vote 13, Wages, was chargeable with the sum which should properly have appeared thereunder in a former account.

2. As the diets issued to men in the casualty ward of the Royal Arsenal are not subject to the same limitations and regulations which govern issues in military hospitals, it has been considered preferable to arrange that the sum deducted from the labourers shall be handed at once to the cook for providing the requisite food, who is responsible to the men who are received into the ward, as a matter of favour rather than of right. The deduction formerly was 10*d.* per day, but this was found insufficient, and an accumulation of excess payments was refunded to the person who supplied the diets. The present deduction is 1*s.* per day, and it is not considered likely that any further charge on this account will devolve on the public.

Under these circumstances Mr. Cardwell considers that it would be undesirable to disturb an arrangement which has been long in force, and in reference to which no advantage from a change is apparent, especially as the course suggested in your letter would necessitate the establishment of new and elaborate regulations with a view to limit the articles and cost of the diet to the sum received from the civilians referred to.

The Secretary,
Exchequer and Audit Department.

I am, &c.
(signed) *I. C. Vivian.*

of the Subdivisions of the VOTES included in the foregoing Account, together with the Expenditure and the Estimate.

CAUSES OF VARIATION.

This Saving has arisen from the Pay which accrued during the period which elapsed between the deaths of certain Staff Officers and the appointment of their successors.

This Saving has resulted from the Staff Duties at Home and Abroad requiring less Travelling on the part of the Supervising Officers.

In consequence of the contemplated reduction in the Establishments of the Army for the following Year, Recruiting was generally stopped during the Winter of 1869-70, and the Regiments fell below the numbers for which Pay was provided.

This Surplus represents a Net Amount, resulting from the Actual and Estimated Expenditure under Items "Command Pay," "Non-Effective and Quartermaster's Pay," "Engineer Extra Pay," "Good Conduct Pay," and "Skill at Arms."

The Expenditure as recorded for Good Conduct Pay fell short of the	£.	s.	d.
Amount estimated by	-	-	-
	11,872	9	10

While that for Non-Effective and Quartermaster's Pay, and Skill at Arms, and the other Items exceeded the Amount provided to the extent of (Net) -	-	-	-
	8,229	14	4

The cause of the first Amount (11,872 £. 9 s. 10 d.) is owing to the operation of the Limited Service Act, which liberates the Soldier at the expiration of the term for which he enlisted, and the last may be ascribed mainly to the Non-Effective Allowance to Captains of the Household Infantry being charged against this Item of Grants, instead of that for Contingent Allowance to Captains under Regimental Allowances wherein the Provision was made.

This Surplus is for the most part attributable to the Sums paid to Captains of the Household Infantry as Non-Effective Allowance having been charged against the Item Regimental Extra Duty Pay, instead of Regimental Allowance, wherein the Provision was made in the Estimates.

To the Depot Battalions not having been reduced sufficiently early in the year 1869-70 must be ascribed this Excess.

This Surplus represents a liability of the Year 1869-70, which was not discharged until after the 1st April 1870.

This Extra Expenditure is attributable to certain Claims on the part of the Government of India in respect to repayment from Army Funds of Advances made from the Local Revenue of India for the Pay, &c. of Native Indian Troops employed in Hong Kong and the Straits Settlements, the greater proportion of which applied to the Year 1868-9.

Votes included in the foregoing Account, together with the Causes of Variation, &c.—*continued*.

CAUSES OF VARIATION.

The Pay of the Adjutants of Recruiting Districts was increased by the Royal Warrant of April 1869, and occasioned an Excess beyond the original Estimate.

The Travelling Expenses of the Inspecting Field Officers and others belonging to the several Recruiting Districts was during the year 1869-70 more extensive than was contemplated, owing to more supervision being exercised over outlying stations.

This Surplus has resulted from a less number of men having enlisted towards the close of the year 1869. (See also Explanation as to the causes which led to the charge for Regimental Pay falling short of the amount voted by Parliament.)

It was calculated that 18,000 recruits would be required to fill the vacancies during the year; recruiting was generally arrested towards the end of the year, and the Expenditure thus fell short of the Estimate.

This Excess is the casual difference between Actual and Estimated Expenditure.

This Excess has arisen from the number of Acting Veterinary Surgeons serving with this department prior to being absorbed by regiments in which vacancies occurred during the year 1869-70 having been larger than could have been anticipated when the Estimates for that period were in course of preparation.

This Saving represents the casual difference between Actual and Estimated Expenditure.

The Regimental Demands for Supplies of Veterinary Medicines, &c., having been slightly larger than the original Estimates, conduced to this Excess.

By means of a general redistribution of the Horses of the Artillery, the Field Batteries returning from Canada were horsed without purchasing the number of remounts which it was thought would be required.

The fluctuations in the Ranks and corresponding Rates of Pay of the Non-Commissioned Officers and Gunners employed at the School of Gunnery is the cause of this Excess.

The course of Instruction pursued during the year 1869-70 not needing disbursements of a miscellaneous character to the extent provided by Parliament.

Votes included in the foregoing Account, together with the Causes of Variation, &c. — *continued.*

CAUSES OF VARIATION.

This Excess is the casual difference between Actual and Estimated Expenditure.

This Saving is owing to there having been a less charge for Working Pay to Men employed in assisting in Field Works at Chatham.

There having been a less demand for Labourers at Out-Stations where Field Works were being carried out, contributed to this Surplus.

This Surplus is for the most part owing to the Amount of Regimental Pay issued to District Inspectors of Musketry having been recorded against the Item applicable thereto, notwithstanding the necessary provision was made in the Army Estimate under this Item (W.).

To the Duties entrusted to the District Inspectors of Musketry necessitating more Travelling during the Year ended the 31st March 1870, is this Excess ascribed.

The Vacancies which have occurred in the Rank of Serjeant Instructors in Gymnastics occasioned this Surplus.

This Excess has arisen from the Supervising Staff for Instruction in Gymnastics being obliged to incur charges for Travelling Expenses beyond the Sum provided in the Army Estimates for 1869-70.

This Surplus has been occasioned by a reduction. The services of the Assistant Director of Cookery being no longer needed with reference to Instruction of the Army in the Culinary Art.

This Surplus is the casual difference between Actual and Estimated Expenditure.

The Expenditure under this Head of Service is of a very fluctuating character, and is so very dependent upon local circumstances, or temporary requirements, that no very accurate Estimate of the amount to be hereafter disbursed can be prepared. The Excess here reported may therefore be attributable to urgent Services being necessary at certain Stations where none were anticipated.

This Saving has been occasioned by the partial withdrawal of Troops from the Mauritius.

Votes included in the foregoing Account, together with the Causes of Variation, &c.—*continued*.

CAUSES OF VARIATION.

The Travelling Expenses of discharged Soldiers, together with their families to their homes, were a little in Excess of the amount estimated.

The Regimental Duties, &c., not requiring Officers to travel without routes to the extent for which provision was made in the Estimates, conduced to this Saving.

The Expenditure coming within this category is of a very fluctuating character, and embraces Disbursements of a miscellaneous nature not provided for under other Items of this Vote. As none but specialities are charged against the sum granted for Miscellaneous and Unforeseen Charges of a regimental nature, the Amount disbursed on account thereof has in 1869-70 exceeded that contemplated ; hence the cause of this Excess.

These Charges would have been defrayed from the amount granted by Parliament for the payment of the Extra Expenses occasioned by the Abyssinian Expedition beyond the sum voted for the ordinary service of the Army, had the Surplus on the latter been insufficient.

This Variation arose from the Horses having realised at the sale a less sum than was expected.

Reply, applicable to the Vote (*see* page 140).

CAUSES OF VARIATION.

This Excess arises from certain officers, who had not been estimated for, being continued on Full Pay after 1st April 1869, in consequence of their services being required to complete Accounts, &c.

This Excess is caused by the Travelling Expenses of officers recalled from Foreign Stations when their services were no longer required consequent on the introduction of the Control system.

This Saving is caused by reduction of Civil Labourers, &c., in consequence of the amalgamation of the Departments under the Control system.

This Saving is caused by some of the Incidental Expenses estimated under this Item having been charged to other heads of Service.

This Saving arises from the following causes:—

1. Decrease in the cost of the Rations between the rate estimated and the actual cost.
2. From the Troops at Foreign Stations not having been withdrawn for Service in the United Kingdom at the period contemplated, and thus having subsisted at lower rates Abroad than they were estimated for at Home.
3. From the number of men not being kept up to the strength estimated.

This Saving arises from the actual cost of the ration of Forage being less than that estimated, the latter being taken at the contract price in existence at the time the Estimates were prepared.

This Saving arises from the reduction of the Troops at the several stations.

This Excess is caused by the exceptional movements of Troops in Ireland during the winter 1869–70.

This Saving is chiefly owing to a large number of officers being on leave of absence from the Tropical Stations where this Allowance is issued.

This Charge would have been defrayed from the Amount granted by Parliament for the payment of the extra expenses occasioned by the Abyssinian Expedition beyond the sum voted for the ordinary services of the Army, had the surplus in the latter been insufficient.

the Votes included in the foregoing Account, together with the Causes of Variation, &c --*contd.*

CAUSES OF VARIATION.

This Excess is the casual difference between actual and estimated Expenditure.

This Saving is the casual difference between actual and estimated Expenditure.

This Excess has been occasioned by the last Quarter's Rent due in March 1869 not having been paid until after the 1st April, thus causing a charge in 1869-70 for 15 months instead of for 12.

This Excess is the casual difference between actual and estimated Expenditure.

This Saving is partly owing to less Clothing having been demanded on repayment, and partly to the quantity made up at Regiments having diminished.

This Excess is attributable to failure on the part of Contractors to supply made-up Clothing; consequently materials had to be provided from other sources to make up the deficiency.

This Saving has been occasioned :—

1. By the failure on the part of Contractors to make supplies within the prescribed period.
2. By less Clothing being manufactured within the Financial Year.
3. By a diminished demand for supplies made on repayment.

The Expenditure under this item is always difficult to estimate, the basis on which to establish a calculation being doubtful, being in a measure dependent upon the number of men who may receive compensation in lieu of clothing.

This Saving is the casual difference between actual and estimated Expenditure.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Surplus may be ascribed:—

1. To the stock of packing materials on the 1st April 1869 proving sufficiently large not to require additional purchases during the year 1869-70 to the extent of the Grant.
2. To the more economical arrangements in packing and contracting for freight.

This Surplus has arisen from the demand for implements not being made to the extent contemplated when the Estimates for the Financial Year ended the 31st March 1870 were in course of preparation.

This Charge is a speciality which, had Army Grants been insufficient to defray, would have been met by a transfer from the Vote of Credit for the extra expenses occasioned by the Abyssinian Expedition.

The variation between expected and actual Receipts is owing to the demand on the part of the Government of India, Admiralty, Volunteers, Militia, and Army Reserve Forces, Channel Islands Militia, &c., for their clothing not having been made to the extent contemplated, which circumstance contributed to an Excess of Expenditure which is more apparent than real, there having been a Surplus on the Items, "Wages," and Manufactured Clothing," which more than balances the amount required to complete the estimated "*Appropriation in Aid*."

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

CAUSES OF VARIATION.

These Savings are caused by the reduction of Establishments in consequence of the introduction of the Control system, which rendered the services of many of the Barrack Masters and others no longer necessary.

This Saving arises from the number of men not being kept up to the strength for which provision was made in the Estimates.

The reduced number of Troops occupying the Barracks in the Colonies will explain the reduction of Expenditure under this head.

This Saving arises from the following Causes :

1. Decrease in the cost between the rates estimated and the actual cost.
2. Number of men not being kept up to the strength estimated.
3. In framing the Estimate too large a sum was taken at Home for Troops returning to England, from want of information as to the precise time of their arrival.

This large Saving in Lodging Allowance is mainly due to the reduction of the numbers on the Lodging Lists Abroad by Regiments being brought Home.

The surrender of numerous hired Buildings in China will account for this decrease of Expenditure.

This Charge would have been defrayed from the amount granted by Parliament for the payment of the extra Expenses occasioned by the Abyssinian Expedition beyond the Sum voted for the Ordinary Services of the Army, had the Surplus on the latter been insufficient.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

CAUSES OF VARIATION.

This Excess has been caused by the Promotion of certain Commissioned Chaplains from the third to the second class, in consequence of Length of Service, and in conformity with the conditions laid down in the Royal Warrant dated 3rd February 1866; while provision was made in the Estimate for the Chaplains' Department, without reference to the number who might be recommended to the Secretary of State for special consideration, on the ground of "Service, &c." during the financial year ended 31st March 1870.

The continued extra requirements of the Service have occasioned Expenditure in 1869-70 nearly equal in amount to that incurred in 1868-69; this Excess, therefore, may be attributed mainly to Charges for Travelling Expenses, &c., incidental to the Movement or Location of the Troops.

This Excess is attributable to the Movement of the Troops in course of the year ended the 31st March 1870 having disturbed the calculation upon which the estimated capitation remuneration to officiating Clergymen was based.

The movement of the Troops during the year 1869-70 contributed to this extra Expenditure.

This Charge consists of Expenditure incurred for the Expedition to Abyssinia, not provided for in the ordinary Grants, but included in the special Vote of Credit.

This Surplus has resulted mainly from the Reduction of the Salary of the Deputy Judge Advocate upon the appointment of the officer now holding that position.

This Surplus has arisen from the charge for Travelling Expenses having fallen short of the sum (1,000 £.) expected.

This Surplus is owing to the Army generally not requiring the services of officers to act in the capacity of Acting Deputy Judge Advocates at Courts Martial, to the extent for which provision was made in the Estimates.

The Saving is chiefly owing to not filling up Vacancies in the Permanent Staff as they occurred, consequent upon the reductions contemplated on the commencement of the ensuing financial year 1870-71.

The Saving is owing to the fact that the actual requirements of the Service fell short of the estimated Expenditure. In the Estimate for Bermuda a sum of money was provided under Contingencies to defray the special allowance of 25 per cent. on Civil Salaries, owing to the high price of food at Bermuda, which apparently was not required.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

CAUSES OF VARIATION.

The Saving here on Subsistence is attributable to the alteration in the Articles of War, by which men tried by Court Martial and imprisoned in Military Prisons for drunkenness were ordered to be fined by Commanding Officers instead. (*See also Explanation given opposite item H.*)

The Increase in the expense of Men confined in Civil Gaols may be attributed to the fact that bad characters have recently been sentenced to discharge from the Service on the expiration of their imprisonment, and this latter having consequently to be undergone in Civil instead of in Military Prisons, the item for Subsistence has exceeded the Estimate.

The Increase under this head is attributable to the fact of short sentences under the summary award of Commanding Officers having to a great extent replaced trials by Court Martial, and consequent imprisonment for long terms in Military Prisons.

The Saving under this head is in a great measure owing to the substitution of Provost Serjeants for Military Police; the increase under "H." is therefore partly balanced by a decrease in the amount under the item "I."

This Charge would have been defrayed from the Amount granted by Parliament for the payment of the Extra Expenses occasioned by the Abyssinian Expedition beyond the sum Voted for the ordinary services of the Army, had the Surplus on the latter been insufficient.

This variation between expected and realised receipts has arisen from the operations of Clause 77 of the Articles of War, under which men who were formerly tried by Courts Martial and imprisoned in Military Prisons for drunkenness, are now ordered to be fined by their Commanding Officers; consequently the credit of Unissued Pay is considerably diminished.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

CAUSES OF VARIATION.

The Supernumerary Medical Officers were not absorbed as rapidly as was expected, hence the Amount taken in the Estimates was not sufficient. Thirty-one supernumeraries remained at the end of the year, whereas it had been hoped they would have been all absorbed during the year.

This Excess has been caused for the most part by the Travelling Expenses incurred for Regimental Surgeons and Assistant Surgeons being charged against this Amount instead of under Vote 2, "Movement of Troops," consequently part of the Surplus thereon may be considered as a set-off against this apparently unprovided sum.

This Saving is due to there having been so many Supernumerary Medical Officers, that many small Detachments previously in charge of Civil Surgeons were placed in charge of Military Surgeons, and the Contract Allowance to the Private Medical Practitioners saved.

The Excess is due to the employment of Extra Orderlies, many Detachments having been sent out, especially in Ireland. Also Extra Orderlies required during unhealthy times in Ceylon, China, and Mauritius.

This Saving was made by careful supervision, notwithstanding the large Outlays necessary to replenish Stores at Home, and provide Medicines in quantities for the Mauritius during the fever there.

This Surplus has partly arisen from the Governor at the Herbert Hospital, Woolwich, having left in July, and no fresh appointment having been made; and partly from the Female Nursing Staff being kept below the Establishment contemplated.

The increased Number and consequent Expense of Lunatics during the year contributed to this Excess.

Excess consequent on necessity for retaining certain Officers on Full Pay, pending Completion of Arrangements for Reduction of Establishment by amalgamation of the Purveyor's Department with the Control Department. Also one Officer transferred from Indian Establishment.

Saving in Travelling Expenses consequent on introduction of Control System.

This Excess is the casual Difference between Actual and Estimated Expenditure for a Service of rather a fluctuating character, particularly in certain Colonies.

This Saving is partly attributable to the Sickness of the Troops having been less than expected; and partly to Reduced Cost of Provisions and Medical Comforts.

The high Prices required by Contractors at certain Foreign Stations have caused this Excess.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Surplus is attributable to the surrender of Hired Buildings in Canada.

This Saving arises from the following causes:—

1. Decrease in the Cost between the Rates Estimated and the Actual Cost.
2. Number of Men not being kept up to the strength Estimated.
3. In framing the Estimate too large a sum was taken at Home for Troops returning to England, from want of information as to the precise time of their arrival.

This Reduction is chiefly owing to reduced cost of Soap, &c., on account of the Sick having been less in number than was anticipated.

See Explanation as to the cause of Excess of Expenditure, which is equally applicable to the circumstances attending the amount realised beyond the Estimated Receipts.

This Credit is equivalent to a refund of part of the advance incidental to the Vote of Credit for defraying the extra expenses incurred for the Abyssinian Expedition, and taken as an Appropriation in aid, there being large charges under other Votes.

This Excess is attributable to the movements of the Staff being more expensive than were anticipated.

This Saving is caused by Casualties.

This Saving is caused by the Non-Training of the Irish Militia.

This Saving is the result of Casualties.

This Saving is caused by the Non-Training of the Irish Militia.

Ditto - - - ditto - - - ditto.

This Saving is caused by the Non-Training of the Irish Militia, and by the number of men who joined the Reserve being fewer than was anticipated.

This Saving is caused by the Non-Training of the Irish Militia.

This Excess is caused through a greater number of Militia of Great Britain being present than was anticipated; at the same time it should be observed that whereas 11,000*l.* was added in Excess of the Estimate for 1868-9, the deduction in anticipated stoppages in Excess of that year was 12,000 *l.*

This Saving arises—

1. From the failure of Contractors to deliver Clothing previous to the 31st March 1870, thereby throwing a charge, which was estimated to come in course of payment during 1869-70, on the Estimates for 1870-71.

2. Owing to a less number of men joining the Reserve than was anticipated.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

CAUSES OF VARIATION.

This Saving is caused by the Non-Training of the Irish Militia.

This Excess is caused by the greater number of Men attending Divine Service, and the employment of more Clergy than was expected at the time of the preparation of the Estimate.

This Saving is caused by the Non-Training of the Irish Militia.

This Excess is attributable to a greater number of Militia Men of Great Britain being present at the Training than was anticipated.

This Excess is attributable to Casualties.

This Excess has arisen from the mode of treating the Payments on account of "Troop Allowances," which in the prior year was considered a component part of "Pay, &c.," and is so reported in this Account, although provision was made for it under "Extra Pay and Allowances," Item B.

This Saving is attributable—

- 1stly. To Troop Allowance having been charged under the Item "Pay, &c. of Yeomanry Cavalry;"
- 2ndly. To a provision for the "Allowance for Clothing and Appointments" having been made for the full Establishment of Privates, not allowing for the probable Absentees;
- 3rdly. To a less number of Officers' Horses having been present at the Training than was anticipated.

This Saving has been occasioned for the most part through none of the Non-Commissioned Officers having been under Instruction during the Financial Year, the arrangements connected therewith having been suspended.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

These variations between Actual and Estimated Expenditure are owing to Vacancies and the new Appointments not having been made within the financial year, ended the 31st March 1870.

This Excess is attributable to the adjustment of Arrear Claims preferred by certain Administrative Battalions to Capitation Grant, for Travelling Expenses.

This Surplus has arisen from the Volunteer Force requiring the Assistance of Officers of the Regular Army, less than could have been anticipated when the Estimates for 1869-70 were in course of preparation.

•

The increased Pay of Officers on account of new Enrolments in the Reserve Force, and Extra Travelling Expenses, contributed to this Excess, a larger number having been employed in organising the Force than was intended when the Estimates were in course of preparation.

This Surplus is the result of the Reserve Force not receiving such an augmentation of numbers during the year 1869-70, as was anticipated and provided for.

Ditto - - - ditto - - - ditto.

The Sum provided in the Civil Services for 1868-69 amounted to 22,474 *l.*, while no more than 11,000 *l.* was granted under this Vote for a like Service, in the expectation that the number employed on Military Duty over Convicts would have materially diminished.

This Surplus has arisen from the same cause as that shown under the Items "Pay," "A." "B." and "C."

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Surplus has originated from Vacancies resulting from Reduction, &c., and the Non-employment of Writers to the extent for which a provision was made in the Estimates.

This Excess has arisen mainly on the requirements of the Military Store Department, which in 1869-70 were more urgent than could have been expected. There were in addition certain Charges for the Royal Ordnance Factory at Portsmouth and Royal Laboratory, Bull Point, which ceased to be Manufacturing Departments, and for which provision was made in the Estimates for merely part of the financial year ended 31st March 1870.

This Surplus represents Liabilities contracted in 1869-70, which came into course of payment after 1st April 1870.

This Surplus has resulted from the stringent check exercised upon the demands for Labour by the Store Department, besides which the Royal Ordnance Factory at Portsmouth and the Royal Laboratory at Bull Point ceased to be Manufacturing Establishments, and the amount of work given out to the Departments at Woolwich, Enfield, and Waltham, was not so great as was anticipated.

This Excess may be ascribed to the Services performed by the Royal Carriage Department and Royal Laboratory requiring a Supply of Timber beyond that provided for in the Estimates. This was covered by Repayments.

This Surplus has partly originated from the vigilant check exercised upon all requisitions for the Supply of Fuel, principally in those emanating from the Military Store Department; and partly from the Royal Factory at Portsmouth and the Royal Laboratory, Bull Point, ceasing to be Manufacturing Departments. The work at the Royal Laboratory, Woolwich, was much restricted on account of a change in the charge of the Palliser projectiles.

This Surplus has been occasioned by the vigilant check exercised upon all Requisitions for the Supply of Metals, principally in those for Services performed by the Royal Carriage Department and Military Store Department respectively.

This Surplus has resulted from the State of the Market not rendering it economical to Contract for Supplies to the full amount for which provision was made in the Estimates.

The Conversion of Small Arms from one Pattern to another for the purpose of meeting existing Demands contributed to this Excess, but the Amount has been cancelled by the Surplus on the Items Wages, Materials, Miscellaneous Stores, &c., particularly in respect to the Sums allotted under those Heads for the Service of the Royal Small Arms Factory at Enfield, where it was originally intended that the Conversion in question should be effected, rather than by a Contractor.

This Surplus has been occasioned by the Payment before the 31st March 1869 for the Supply of Stores for which provision was made in the Estimates for 1869-70, the same having been delivered before the commencement of the new financial year.

CAUSES OF VARIATION.

This Sum represents a liability of the year 1868-9, which came into course of payment after the 1st April 1869.

- - Ditto - - - ditto - - - ditto.

- - Ditto - - - ditto - - - ditto.

This Excess represents the amount claimed by the Admiralty in respect to repayment of the value of the Stores supplied from the Navy Stock in the year 1867-8 and 1868-9 for the Service of the War Department.

The Stock on hand not needing replenishment to the extent to which provision was made in the Estimates, 1869-70, contributed to this Saving.

This Surplus has been occasioned by a change in the Pattern determined upon after the Estimates for the year 1869-70 had been prepared, but which change did not develop itself sufficiently during 1869-70 to admit of purchases being made to any great extent.

The Stock on hand not requiring replenishing to the extent contemplated when the Estimates for the year 1869-70 were in course of preparation, occasioned these Surpluses.

This Saving is the casual difference between Actual and Estimated Expenditure.

This Surplus has resulted from the War Department Vessels not having required the usual refitting in respect to their Hulls, Spars, Sails, &c. &c., for which a provision was made in the Estimates for 1869-70.

This Surplus is attributable to the vigilant check exercised upon all demands made by the several Manufacturing and Military Store Departments for Supplies, and to the fact that the Manufacturing Departments were kept at work at the lowest ratio which was consistent with efficiency, during the year. A great reduction was also determined upon during 1869-70 in regard to the amount of Artillery Stores to be maintained in the hands of officer Commanding Royal Artillery;—and this reduced the Miscellaneous Item.

Requisitions for the supply of Billiard Tables, to the extent for which provision was made in the Estimates for 1869-70, not having been preferred, contributed to this Surplus.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Excess is the casual difference between actual and estimated Expenditure.

The more extensive use of the War Department Vessels in the conveyance of Stores has resulted in this Saving.

The wear and tear of Machinery having been less than could have been contemplated at the commencement of the financial year occasioned a portion of the Surplus here reported. The reduced demands upon the Manufacturing Establishments will account for the remainder.

The extra Receipt beyond the amount estimated arose from the value of Stores issued in Repayment to the Indian and Colonial Governments having been in excess of that contemplated, and occasioned by special circumstances which were unknown at the date when the Army Estimates for 1869-70 were in course of preparation.

The amount of the Vote of Credit for defraying the extra Expenses occasioned by the Abyssinian Expedition, beyond the ordinary Grants for Army and Navy Services, having been merely a Sum "on account," the Sum here reported as a Receipt has been taken in diminution of the aggregate Advances made by the Indian Government for the Special Service during the year 1869-70.

CAUSES OF VARIATION.

This Excess represents a net sum, as follows:—

	£.	s.	d.
Excess of Expenditure at Home - - - - -	1,571	14	2
Surplus - ditto - Abroad - - - - -	1,248	14	4
	£. 327	19	10

Which has been occasioned by the withdrawal of Troops from the Colonies, and the additional assistance thereby required for the Works in progress at Home.

This Excess is attributable to the duties connected with the Works in progress at Home requiring more travelling on the part of Engineer Officers, Clerks of Works, and others; and also larger demands for packing and contingencies than was contemplated at the commencement of the Financial Year.

The Expenditure on this Item was not so great as was anticipated.

The similarity between some of the services comprised in this head of Expenditure and others provided for under Part 3, Vote 14, for Works, Buildings, and Repairs, for Drainage, Fencing, &c. of Lands and Buildings, also War Department, may be said to account for the Excess here reported, which however is counterbalanced by a Surplus on the last-mentioned section of the Army Grants.

This Saving is ascribed to the demand for Working Expenses, Chemicals, and Apparatus used in Photographic Services, having been less than was contemplated at the commencement of the Financial Year.

This Surplus was caused principally through the Expenditure not having been so great as was anticipated at some of the Foreign and Home Stations, viz:—

Bermuda - -	Defences of Dockyard and Naval Anchorage.
Canada - -	Improvement of Defences at Quebec.
Gibraltar - -	Alteration of Works for a revised Armament.
Malta - -	Ditto - - ditto - - ditto.
Mauritius - -	Improvement of Defences.
St. Helena - -	Ditto - - ditto.
Sundry Stations -	Adapting Works to modern Armaments.
Ditto - -	Defences of Commercial Harbours.
Portsmouth - -	Sea wall, Southsea Beach.

This Surplus has for the most part been occasioned by the following circumstances, viz:—

1. Nearly 7,000 £. of the amount voted towards the erection of a Barrack at Glasgow remained unexpended, as much time was necessarily occupied in preliminary preparations for the Special Contract, &c.; and the unusual severity of the winter necessarily retarded the progress of the work.
2. The Amounts provided for unforeseen Services at Home and Abroad proved to be more than were required.
3. A Sum of nearly 5,000 £. was reserved from the Special Vote for Lock Hospital, to defray an Excess on Vote 17, under Treasury Authority, dated 30th August 1869, 26,066-681.

This Surplus was caused through the Works for Diversion of Drainage from "River Lea" not having been carried out to the extent contemplated.

The Surpluses on this and the following Item have been effected by some of the Services being postponed, some executed by Special Contract, and some by Military Labour, and the full margin for Contingencies not being required.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Saving has been effected mainly in the Item of Examiners' Fees, owing to the suspension of admissions to the Royal Military College, and of Examinations of Candidates for Direct Commissions.

This Surplus is ascribed to the Charge for Fuel and Light for one Quarter of the Year 1869-70 having merged in the Expenditure for like Services provided under Vote 4, and in that for the Gas Factory at Woolwich, the Supply to the Royal Military Academy being made in kind; consequently this unexpended amount may be considered a set-off against an Excess of Charge in other sections of this Appropriation Account.

This Surplus is mainly owing—

1. To the Bandsmen being below the Establishment, and the services of Non-commissioned Officers and Men not having been required in Field Work Instruction to the extent to which a provision was made by Parliament.
2. To the demand for Chemicals, Geological Specimens, and Contingencies for Educational Purposes not being so large as in prior years.

This Surplus has been occasioned—

1. By a less number of Students keeping Horses and Servants than could have been anticipated at the date when the Estimates were in course of preparation, full provision having been made for the Establishment (30).
2. By a Quarter's Charge for Fuel and Light having been defrayed by the Control Department, and treated as Supplies for general purposes, and issuable in detail "in kind," in like manner as Barrack Supplies; consequently, part of this apparently expended Sum is a set-off against an Excess of Expenditure elsewhere in this Appropriation Account.
3. By more economy being observed in administering this Sum.

The difference between actual and estimated Expenditure may be accounted for partly by Mr. Sergeant's Salary not being paid, by the impossibility of estimating exactly the number of Detachment Schoolmasters and Schoolmistresses, and Soldier Servants, an ever-fluctuating body; by the whole of the Estimate for Travelling Expenses not being required, by no Schoolmistresses having been trained, and by a variety of other Items, the actual Expenditure on which it is impossible accurately to foresee.

This Surplus is attributable to the diminution in the Charge for Provisions for Pupil Teachers and Students, whose number, in consequence of there being a less demand for Candidates to fill Vacancies in the Scholastic Ranks, &c. in the Army.

This Surplus arose—

1. From part of the Supply of Clothing having been made from the Pimlico Clothing Factory without Repayment.
2. From the demand for Clothing not having been to the extent contemplated.
3. From the Cost of Diets having been under favourable contracts.
4. From more economy having been observed in the Hospital, Farm, and Supplies of a contingent character.

This Surplus has arisen from there having been a less demand during the year ended 31st March 1870, for Specimens of Metals to illustrate Lectures, and for Services of a contingent character, than could have been foreseen.

The number of Assistant Surgeons in the Imperial and India Services having in the course of the year 1869-70 been found to require recruiting, in consequence of Casualties by Death and Resignation, &c., it became necessary to revive the dormant arrangement under which Probationers were admitted at Netley Hospital for the purpose of instruction, in order to fill the Vacancies referred to, notwithstanding no provision was made in the Estimates for defraying the Charge for Pay, &c., the Amount of which was as follows:

Pay of Probationers.					£.	s.	d.
June Quarter 1869.	20	Probationers, 1,820 days, at	5s.	-	455	-	-
Sept. Quarter "	{ 20	" " 760 " " 5s.	-	-	190	-	-
	{ 20	" " 480 " " 10s.	-	-	240	-	-
Dec. Quarter "	39	" " 3,588 " " 5s.	-	-	897	-	-
March Quarter 1870.	{ 39	" " 1,404 " " 5s.	-	-	351	-	-
	{ 38	" " 874 " " 10s.	-	-	437	-	-
					2,570	-	-
Mess Allowance					267	17	4
					£. 2,837	17	4

As a proportion of this sum of 2,837 l. 17 s. 4 d. is recoverable from the Revenues of India, and will, when received, be paid over to the Exchequer as "Extra Receipts," and this excess of Expenditure beyond Grant may thereby be considered cancelled.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

CAUSES OF VARIATION.

This Surplus has been partly caused by the intervals of time that elapsed between the dates when Officers ceased, and others assumed, Survey Duties, whenever exchanges took place, resulting in a certain amount of lapsed Extra Pay; and partly by the adjusting of transactions relating to the Survey of Land required in 1862-3, and 1863-4, for Works to be constructed under the provisions of the Acts for regulating the Loans for National Defences, the account for which is undergoing revision under the instructions of the Lords Commissioners of Her Majesty's Treasury, in Minute, dated the 16th August 1867.

This Surplus represents a net amount, resulting from an Excess of charge amounting to 234 *l.* 15 *s.* for the ordinary Survey Services for the year 1869-70, and a credit of 347 *l.* 3 *s.* 9 *d.* removed from the account for the Loan for National Defences under the circumstances explained opposite the item for "Pay" and "Extra Pay" for the staff. The extra expenditure adverted to forms part of the sum of 2,162 *l.* 7 *s.* 4 *d.* abated at the end of this statement, as the value of Services performed, on re-payment, for other departments, &c., and consequently rather an apparent than a real excess.

This Surplus is mainly attributable to certain adjustments which were found necessary upon the revision of the Account for National Defences, as before explained.

This Excess is a net amount arising from a larger expenditure under this head than is here shown, an abatement having been made in consequence of certain short charges against the account for the Loan for National Defences for the Survey of Land required under the provisions of the Acts for National Defences in 1862-3, and 1863-4, being now adjusted under the circumstances before explained. The extra expenditure in question is attributable—

1. To the manner in which Survey parties were scattered from the North of Scotland to the South of England, and the removal of parties from England in the summer, and back again in winter, which in 1869-70 entailed a larger amount of travelling than was anticipated.
2. To Services performed on re-payment for other departments, the amount of which is comprised in the sum of 2,162 *l.* 7 *s.* 4 *d.* withdrawn at the end of this account.

This Excess is more apparent than real, it representing a portion of the sum of 2,162 *l.* 7 *s.* 4 *d.* deducted at the end of this Statement, as the amount recovered for the performance of Survey Services for other departments, &c.

This Surplus is the casual difference between Actual and Estimated Expenditure for a service of a fluctuating character.

This Excess has been caused by the settlement of the account with the contractor for the erection of the New Buildings at the Ordnance Survey Office at Southampton, which were completed in course of the year 1868-9, but the balance was not paid until after the 1st April 1869.

This Excess is rather apparent than actual, a considerable portion of the Expenditure under this comprehensive head of Service having merged in the sum of 2,162 *l.* 7 *s.* 4 *d.* abated at the end of this statement as the total receipts for Survey Services rendered to other departments.

See foregoing observations.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

The Department of the Director General of Ordnance at Woolwich is analogous with the Ordnance Select Committee, which in the prior year performed the duties of regulating the decisions on Inventions, Experiments, &c. In the Estimates an amount was provided for a very reduced establishment, but the number of individuals employed in 1868-9 could not be reduced sufficiently early in 1869-70 to meet the retrenchment desired; hence the reason of the Excess now reported.

The Sum voted was intended to defray Miscellaneous Expenses connected with Experiments (such as services performed by the Engineer Department, Travelling Expenses, and Allowances) the aggregate of which was not required, many of the duties being conducted under the auspices of the Department of the Director General of Ordnance, Woolwich; hence the cause of this Saving.

This Charge represents Expenditure incurred:

- 1st. Pay and Travelling Expenses of Members employed as a Committee to report on the works constructed under the Acts for National Defences.
- 2nd. Pay and Travelling Expenses of Officers engaged to report on the merits of Small Arms, Shrapnel, and Segment Shells.
- 3rd. Payments to Shorthand Writers, &c., in connection with the duties delegated to the above.

The Sum of 3,102 l. 2 s. 4 d. embraced in the first item was originally debited against the Account for the Loan for National Defences, but in consequence of the instructions contained in the Treasury Letter of 16th August 1867, General No. 14-1166, it became necessary to treat it as an Army Service, and to report it as a transaction belonging to an Appropriation Account rendered to Parliament in a former year, 1868-9.

The requirements of the Service not occasioning Travelling on the part of the Committee to the extent for which provision was made in the Estimates for 1869-70.

The demand for Stores, &c., and Contingencies for the purpose of the Royal Artillery Institution not having been so large as was anticipated conducted to the Surplus.

This Surplus is owing to less Clothing actually demanded than estimated for.

This Surplus is attributed to the Telegraphs and Signal Stations at Home and Abroad not requiring Expenditure for "Contingencies" to the extent contemplated at the Commencement of the Financial Year 1869-70.

This Excess is the casual difference between Actual and Estimated Expenditure.

This Surplus has been partly occasioned by the Amount of some of the Annual Contributions not having been claimed within the Financial Year 1869-70; and partly to the Amount voted for defraying Grants-in-Aid of Churches and Chapels not having been wholly allotted.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*consl*^d.

CAUSES OF VARIATION.

This Surplus is owing to the "Wear and Tear" of the Miscellaneous Stores, &c., issued at certain Military Stations in prior years for the prevention of Contagious Diseases, and the demands for New Supplies having been less than those for which provision was made in the Estimates; greater economy likewise prevailed in the use of the Stores issued for this Service.

The partial suspension in the manufacture of certain Munitions of War at the Royal Arsenal caused a less number of Policemen to be employed at Woolwich than was contemplated at the commencement of the Financial Year 1869-70.

The Charge consists of the following items, viz.:—

- 1st. A liability incurred in the course of the year 1868-9, not discharged until after the 1st April 1869.
- 2nd. Exterior Painting, Repairing Copper Bottom, &c., of the Vessel.
- 3rd. Part payment of the cost of fitting up the "Meeanie" as a Military Hospital for 18 Beds. These services received the sanction of the Lords Commissioners of Her Majesty's Treasury in Letter dated 1st March 1870.

This Surplus represents Liabilities belonging to the year 1869-70, which came into course of payment subsequently to the 1st April 1870.

This Surplus is owing to the War Department requiring less extraneous legal assistance than was contemplated at the commencement of the year 1869-70.

The Charge for Advertisements fluctuates in proportion to the requirements of the Army, which in 1869-70, were somewhat less than the amount expected when the Estimates were in course of preparation (*see* also explanation as to the Causes of Variation between Actual and Estimated Expenditure under Votes 3, 4, 7, and 13).

This Excess is the casual difference between Actual and Estimated Expenditure.

A less amount than that expended during the year 1868-9, was inserted in the Estimates for 1869-70, in the expectation of a Casualty which did not take place.

This Surplus is attributable to a less number of Claims to Compensation for Losses having been preferred by Soldiers serving in the Colonies than could have been anticipated when the Estimates for 1869-70 were in course of preparation.

This Excess is attributable to the employment of troops in localities in the Dominion of Canada, where it was necessary to place the regiments, &c. employed in resisting the Fenian raids, under canvas.

This Excess is the casual difference between Actual and Estimated Expenditure.

This Saving is owing to the establishment for the Magnetic and Meteorological Department being still incomplete.

Copies of the Applications to the Treasury, and of the Treasury Replies, respecting this Vote (*see* pages 62 to 65 and 140).

(10727—70.)

Sir,

War Office, 3 February 1870.

I AM directed by Mr. Secretary Cardwell to transmit to you, for the information of the Lords Commissioners of Her Majesty's Treasury, a copy of a letter from the Deputy Master of the Mint, forwarding a statement of advances made by the Mint up to the present time on account of the New Zealand and Abyssinian War Medals, amounting to 5,397 *l.* 11 *s.* 6 *d.*

The Deputy Master has also furnished the accounts of the contractor up to the present date for mounting the Medals, amounting to 587 *l.* 17 *s.* 1 *d.*, and has suggested that an addition should be made to the above sums to cover the cost of silver bullion requisite for the same.

Their Lordships will see from the statement in the margin that the total amount of 6,585 *l.* 8 *s.* 7 *d.* has now to be provided for on this account; at the present date the sum of 778 *l.* only remains of the Grant for cost of Medals under Vote 17 of the Army Estimate of 1869-70. Under these circumstances Mr. Cardwell proposes, with their Lordships' sanction, temporarily to defray the extra expenditure out of the aggregate surpluses on Vote 17, and if that be not sufficient, from the unexpended balances of the other Army Votes.

I am, &c.
(signed) Northbrook.

£. s. d.
5,397 11 6
587 17 1
600 - -
£. 6,585 8 7

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Excess of Charge represents for the most part the first outlay on account of the supply of Medals to the Officers, Non-commissioned Officers, Rank and File, and others who served in suppressing the Native Insurrection in New Zealand, and in the Abyssinian Expedition. As it was not practicable to ascertain the number of claimants at the date when the Army Estimates for 1869-70 were in course of preparation, no very excessive demand was expected on the part of the Master of the Mint, while the contrary occurred, and the applications became very numerous, thus involving an unforeseen Expenditure, which received the sanction of the Lords Commissioners of Her Majesty's Treasury, in letter dated 2nd February 1870.

This Surplus has resulted from there not having been any exceptional Expenditure incurred in the Colonies chargeable against this item.

This Charge would have been defrayed from the Vote of Credit for the extra expenses incidental to the Abyssinian Expedition, had the surplus on the ordinary Grants for the Army been inadequate.

Sir,

Royal Mint, 28 January 1870.

I HAVE the honour to transmit to you herewith a statement of advances made by the Master of the Mint on account of the New Zealand and Abyssinian War Medals, and I have to request that the total sum, amounting to 5,397 *l.* 11 *s.* 6 *d.*, may be placed to the credit of the Mint Cash Account with the Bank of England at as early a period as convenient.

A Mint charge for striking the Medals will be preferred on the completion of the service. It will be inconsiderable, but its amount will depend on the number of the Medals to be provided.

Mr. Austin's account of charges for mounting will be examined so soon as they shall have been received, and will be transmitted from time to time to the War Office for payment.

The Under Secretary of State for War.

I am, &c.
(signed) C. W. Fremantle.

(10727—73—2544—70.)

Sir,

Treasury Chambers, 12 February 1870.

WITH reference to your letter of 3rd instant, I am directed by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of Mr. Secretary Cardwell, that my Lords sanction the extra expenditure on account of New Zealand and Abyssinian War Medals, amounting to 5,807 *l.* 8 *s.* 7 *d.*, being temporarily defrayed out of the aggregate surpluses on Vote 17, or if that be not sufficient, out of the unexpended balances of other Army Votes.

I am however to request that my Lords may be informed why provision to a larger amount was not made in the Estimates for the current year.

The Under Secretary of State, War Office.

I am, &c.
(signed) *James Stansfeld.*

(083—2122.)

Sir,

22 February 1870.

WITH reference to Mr. Hamilton's letter of 29th March last, 4850, 29—3, on the subject of the claim for 14,493 *l.* 10 *s.* 2 *d.*, which had been preferred by the Admiralty on account of the Expenditure incurred by that Department during the Years 1867-68, and 1868-69, in connection with the Hospital Ship "Meeanee," at Hong Kong, I am directed by Mr. Secretary Cardwell to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that further charges have been made on the spot, viz. :

	£.	s.	d.
1. Payment of Balance of Work commenced in 1868-69	248	-	-
2. Expense of painting, &c., preparatory to the Vessel being used as an Hospital Ship	211	-	-
3. Cost of fitments which the original grant in 1867-68 was intended to defray	479	-	-
4. Payments to Coolies whose services were necessary while the engineer work was in progress at Hong Kong	19	6	9

These

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

These sums, it is proposed, with their Lordships' concurrence, to defray out of any Surplus there may be on Vote 17, or in the event of that being insufficient, out of the unexpended balance on Army Grants for 1869-70 generally, the Service being in continuation of that which appeared in the Appropriation Account of Army Receipt and Expenditure for 1868-69.

The Secretary to the Treasury.

I am, &c.
(signed) *Northbrook.*

(083—2134.)

My Lord,

Treasury Chambers, 1 March 1870.

THE Lords Commissioners of Her Majesty's Treasury having had before them your letter of 22nd ultimo, stating that further charges, amounting to the sum of 957 *l.* 6 *s.* 9 *d.*, have been made in connection with the Hospital Ship "Meeanee," at Hong Kong, their Lordships desire me to request that you will call the attention of Mr. Secretary Cardwell to the letter of this Board of the 13th July last, with reference to a further excess of expenditure on account of this service beyond the sum of 4,993 *l.* 10 *s.* 2 *d.* sanctioned by their Lordships on the 29th March 1869, and I am to add that my Lords would wish to be furnished with a statement of the total cost of the service, and of the cause of so great an excess over the original Vote of 13,000 *l.*

I am, &c.
(signed) *William Law.*

(083—2134.)

Sir,

War Office, 19 April 1870.

IN reply to Mr. Law's letter of the 1st ultimo, No. 3938, relative to the additional expenditure which has been incurred in fitting up Her Majesty's Ship "Meeanee," and in making the necessary alterations for the voyage to Hong Kong, at which station she was required as an Hospital Ship, I am directed by Mr. Secretary Cardwell to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that to the 31st March 1869, the aggregate of the charges against Army Grants on account of this service has been—

	£.	s.	d.
For 1867-8	-	-	-
For 1868-9	-	-	-
	1,339	5	9
	13,634	15	2
	£. 14,974	-	11

Whilst the sums provided in the Estimates for the same service were—

	£.	s.	d.
For 1867-8	-	-	-
For 1868-9	-	-	-
	13,000	-	-
	9,500	-	-
	£. 22,500	-	-

Thus leaving a surplus of 7,525 *l.* 19 *s.* 11 *d.* to be allowed, if necessary, in aid of further disbursements made either by the Naval Department or under the directions of the General Officer commanding at the station. The sum of 11,660 *l.* 14 *s.* 3 *d.* unappropriated in 1867-8 was applied (in the same manner as other surpluses in that year) to defray the extra expenses incidental to the Abyssinian Expedition (*see* Statement of Savings and Deficiencies for that period, Parliamentary Paper, dated 4th March 1869). The sum of 9,500 *l.* taken in the Estimates for 1868-9 was a re-vote, in consequence of the large amount which was expected to be unexpended on the 31st March 1868. When the Estimates for 1869-9 were framed, it was expected that the payments to the Admiralty would have been 3,340 *l.* instead of 1,339 *l.* 5 *s.* 9 *d.* in 1867-8, and 9,490 *l.*, and not 13,154 *l.* 4 *s.* 9 *d.*, in 1868-9. But the balance on the claim which the Admiralty preferred for services performed in 1867-8 was not received in this Department until too late for introduction into the Appropriation Account for 1867-8. In the statement enclosed in compliance with their Lordships' request, is shown a claim of 9,095 *l.* 8 *s.* 2 *d.* which remains unadjusted with the Admiralty for the value of stores put on board the "Meeanee" for the comfort of the ship's company and for victualling during the voyage from England to Hong Kong. This claim is under examination, and a credit is expected for such articles as may be returned to the Admiralty at Hong Kong. I am to add, that any further claim which the Admiralty may make with respect to the "Meeanee," will be the subject of a further communication.

The Secretary to the Treasury.

I am, &c.
(signed) *Northbrook.*

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont'd.*

CAUSES OF VARIATION.

This Surplus is attributable to Vacancies which were not filled up during the Financial Year ended the 31st March 1870, owing to the prospective re-organization of the Department of the Secretary of State for War.

This Surplus arose from the similarity of certain contingent Disbursements, with items comprised in the Category under Salaries, Wages, and Allowances (Doorkeepers, Temporary Messengers, Commissionaires, &c.), the Amounts of which were recorded against that head of Expenditure instead of that for "Travelling Expenses and Contingencies," in the Vote for which was provided the Sum required for the payment of persons employed in rendering assistance in the duties assigned to Doorkeepers, Temporary Messengers and others.

This Surplus represents a liability incurred in 1869-70, but not paid until subsequently, to the 1st April 1870.

This Surplus is owing to Vacancies, which were not filled up by new Appointments, owing to the prospective re-organization of the Head Quarter Staff Offices.

It being intended to re-organize the Military Departments, no Vacancies have been filled up, hence arises this Surplus.

No Vacancies have been filled up owing to the intended re-organization of the Military Departments; a Surplus is the consequent result.

This Surplus is owing to the requirements of the Army not necessitating Travelling on the part of the Field Marshal Commanding in Chief and his Staff, to the extent contemplated when the Army Estimates for the Year 1869-70 were in course of preparation.

The Topographical Department not requiring the aid of Civil Assistants and others to the extent for which provision was made in the Army Estimates.

Travelling on the part of the Executive Officers of this Department not having been necessary with reference to the duties intrusted to them, occasioned this Saving.

CAUSES OF VARIATION.

This Excess represents a liability of the year 1868-9, which came into course of payment subsequently to the 1st April 1869.

These Surpluses arose partly from the number of Deaths having exceeded that expected, and partly from sums payable in course of the year 1869-70 not being claimed until after the 1st April 1870.

This Excess has arisen from sums due in the previous year having come into course of payment after the 1st April 1869.

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

These Savings are the result of Casualties during the year.

Purchases of Half Pay Commissions take place in proportion to the state of the Reserve Fund with reference to the general arrangements connected with the reduction of, or appointments to, the Army. As in 1869–70, a larger number of Full Pay Commissions had to be disposed of on the reduction of the Line, &c., than was contemplated at the commencement of the Financial year, a Surplus was occasioned upon the amount allowed to this class of officers.

The disposal of Full Pay Commissions having been larger than was first intended, the extra charge which the same occasioned, received the sanction of the Lords Commissioners of Her Majesty's Treasury, per letter dated 11th October 1869.

Certain Officers had been waiting to receive the former difference between the Prices of Cavalry and Infantry Commissions, whom it was expedient to pay, the amount of which occasions this Excess, which received the sanction of the Treasury, per letter dated 5th March 1870.

Copies of the Applications to the Treasury, and of the Treasury Replies, respecting this Vote (*vide* pages 72, 73 and 140).

(7252—1525.)

Sir,

War Office, 4 October 1869.

WITH reference to Army Estimates, 1869-70, Vote 21 (revised), in which a sum of 40,000 *l.* has been fixed for the purchase out of the Reserve Fund of Full Pay Commissions on reduction, I am directed by Mr. Secretary Cardwell to acquaint you that the sum of 37,000 *l.* of this amount has already been expended, and that there are still a large number of Supernumerary Commissions which it is desirable should be absorbed, whereby the above limit will be considerably exceeded.

Under these circumstances I am to request that you will be good enough to move the Lords Commissioners of the Treasury to approve of the 40,000 *l.*, in question being increased to 60,000 *l.*, and to add that this increase can be met out of the balance of the Reserve Fund still in hand.

The Secretary, Treasury.

I have, &c.
(signed) *E. Lugard.*

(16,498—69.—7352—1526.)

Sir,

Treasury Chambers, 11 October 1869.

I AM directed by the Lords Commissioners of Her Majesty's Treasury to state, for the information of Mr. Secretary Cardwell, with reference to your letter of the 4th instant, that my Lords approve of the sum provided for the purchase, out of the Reserve Fund, of Full Pay Commissions on reduction, being increased from 40,000 *l.* to 60,000 *l.*, as recommended; on the assurance that the Balance of the Reserve Fund is sufficient to meet the excess of expenditure.

The Under Secretary of State, War Office.

I am, &c.
(signed) *Geo. A. Hamilton.*

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

CAUSES OF VARIATION.

The number of Claimants under this item not occasioning a larger Expenditure conducted to this Saving.

One Page of Honour having been appointed to a Commission while two were provided for occasioned this Saving.

(7352—1604.)

Sir,

War Office, 22 February 1870.

WITH reference to the Army Estimates for 1869—70, Vote 21 (revised), item F., in which a sum of 20,000*l.* has been fixed for the payment out of the Reserved Fund of the former difference between the prices of Cavalry and Infantry Commissions, I am directed by Mr. Secretary Cardwell to acquaint you that this amount has been expended, and that there are still several Cavalry Officers who are waiting to receive the value of their commissions.

I am therefore to request that you, under these circumstances, will be good enough to move the Lords Commissioners of the Treasury to approve of the 20,000*l.* in question being increased to 26,000*l.*; and I am to add that this increase can be met out of the balance of the Reserve Fund still in hand.

The Secretary, Treasury.

I am, &c.
(signed) *Northbrook.*

(3833—70.—7352—1608.)

My Lord,

Treasury Chambers, 5 March 1870.

IN reply to your letter of the 22nd ultimo, I am directed by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of Mr. Secretary Cardwell, that my Lords sanction the sum of 20,000*l.*, fixed for the payment out of the Reserve Fund of the former difference between the prices of Cavalry and Infantry Commissions being increased to 26,000*l.*; the increase to be met out of the Balance of the Reserve Fund still in hand.

The Lord Northbrook.

I am, &c.
(signed) *William Law.*

the Votes, included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Surplus has partly resulted from Casualties, and partly from liabilities, which came into course of payment after the 1st April 1870.

This Surplus has been occasioned—

- 1st. By certain offices becoming vacant, to which no new appointments were made within the Financial Year 1869-70.
- 2nd. By greater economy having been observed in the Expenditure for Household and Contingent Services.
- 3rd. By the demand for the supply of Trusses having been less than contemplated when the Estimates for 1869-70 were in course of preparation.
- 4th. By a reduction in the Establishment of the Secretary's Office.

This Surplus arises for the most part from the supply of "Provisions (Diets)" and "Garden Expenses, &c.;" the former being ascribed to a larger amount having been voted in the expectation of a rise in the price of the necessaries of life, while the actual Expenditure for 1869-70 exceeded that for the former year by merely a small sum; and the latter, to more economical management.

(7529—424.)

Sir,

War Office, 13 April 1866.

I AM directed by the Marquis of Hartington to forward a copy of a correspondence which has taken place with the Secretary of State for India in Council relative to certain charges on account of the pensioners therein named, and to request that you will move the Lords Commissioners of Her Majesty's Treasury to give such instructions as may be necessary, there being provision neither in the Army nor Navy Estimates for the pensions to men of the late Indian Navy who have been wounded or otherwise injured during the several expeditions to China, or in action with the Borneo pirates. I am also to draw your attention to charges for the pensions to the heirs of troops deceased, and to soldiers wounded in the expeditions to China, as well as for the pay for the order of merit to men belonging to the Indian Local Forces, which have appeared in the various claims to repayment made from Indian funds in and for the period since the 1st April 1862, the date from which the same have been debited against the Army Grant, under the head "Pay, &c.,

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*contd.*

CAUSES OF VARIATION.

This Excess has arisen from the amount claimed by the Indian Government for advances from the local revenue since the 1st April 1862, for the payment of Pensions granted by the Indian Regulations to the heirs of men deceased and soldiers wounded in China, and extra pay for order of merit to soldiers employed during the three expeditions to China. The introduction of this extra charge into this account was sanctioned by the Lords Commissioners of Her Majesty's Treasury in letters dated 24th May 1866 and 2nd July 1870.

This Variation between Vote and Expenditure has been caused :—

- 1st. By the charges on account of payments to men, who commuted their Pensions, with a view of settling in the Colonies, having diminished within the year 1869-70 through casualties, and certain disbursements in remote stations in the Colonies not having been brought to account during the same period.
- 2nd. By the Staff Officers having been supplied with office requisites from the Military Store instead of by purchase locally.
- 3rd. By a reduction of the minor allowances in districts in which the number of Pensioners declined.

This difference between the amount of estimated actual Receipts was occasioned by a diminution of the Trinity House Pensioners, who were paid by the Staff Officers of Pensioners.

&c., of the Native Indian Regiments serving in China," which no longer appears in the Estimates of this Department, and to propose that in future all disbursements of this nature which relate to land forces should be recorded against Vote 25, notwithstanding some of the heirs referred to are women and children. The total Expenditure in—

	£.	s.	d.
1862-3 amounted to	-	-	71 13 9
1863-4 „	-	-	140 18 8
1864-5 „	-	-	105 7 3

(For nine months.)

The Assistant Secretary to the Treasury.

I have, &c.
(signed) Douglas Galton.

EXPLANATORY STATEMENT of the Sums Expended, under each of the Sub-divisions of

(7529—429—6814—66.)

Sir,

Treasury Chambers, 24 May 1866.

THE Lords Commissioners of Her Majesty's Treasury have had before them your letter of the 13th ultimo, and the correspondence with the India Office inclosed therein, on this subject of the mode of charging pensions to wounded soldiers and to the relatives of deceased soldiers, which may have been granted in connection with the operations of the last China War, and I am to state, for the information of the Marquis of Hartington, that my Lords are of opinion that they may be considered as fairly chargeable to Imperial Funds, and that they should be provided for in the same manner as those which formed the subject of the correspondence between this Board and the War Office in 1862-3 (War Office, Nos. 31420—3, 34288—4, 34288—11).

With respect to the remaining pensions referred to in your letter, I am to state that my Lords are not aware that it has been the practice to consider that the Imperial Government was liable to defray any expenditure of this nature incurred by the Indian Government previous to the last China War; and as it would appear from the correspondence inclosed in your letter that the pensions in question were granted so far back as 1844 and 1847, my Lords cannot recognise the claim preferred by the Indian Government that they should become a charge on Imperial Funds.

Captain Galton,
&c. &c.

I am, &c.
(signed) *Hugh C. Childers.*

(7529—486.)

Sir,

War Office, 8 March 1870.

WITH reference to Mr. Childers' letter of the 24th May 1866, 6814—66, relative to the mode of charging pensions to wounded soldiers and to the relatives of deceased soldiers, which had been granted in connection with the operations of the last (third) China War, I am directed by Mr. Secretary Cardwell to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that accounts current between "Her Majesty's Imperial Government and the Government of India," and also those between "Her Majesty's Colonial Government in China and the Government of India" for the period since the 1st May 1855, forwarded to this department by their Lordships' direction for the purpose of adjustment, &c., contain charges for the payment of like services, originating from the first and second expedition to China, for the payment of which, at this date, no provision exists, as the decision communicated appears to refer only to pensions arising from the third expedition.

The sums expended and reported to this date amount to 24,209 £ 10 s. 3 d., and I am instructed to request that the circumstances may be laid before their Lordships for consideration, and that the Secretary of State for War may be furnished with such directions as they may deem necessary in respect to the course to be adopted.

On receiving over from the Audit Office the various statements and reports on the accounts for the period prior to the 1st May 1855, it became necessary to make some investigation of the results shown by that department in order to ascertain the description of expenditure which should be admitted, and to adopt some uniformity of proceeding.

In the statements drawn up by Mr. Otho Hamilton and Sir E. P. Coffin, showing the aggregate expenditure of the first China War from the period from the year 1839 to 1847 inclusive, "Charges for Pensions to Sepoy Soldiers and their Families," were included, and in those for the subsequent period to the 30th April 1855, similar charges under the head of "Pensions to the Heirs of Men Deceased" have appeared, and been admitted.

From the 30th April 1855 these charges have been admitted against the Vote of Credit, but from the 1st April 1862, the date from which Army Funds were to bear the claims unsettled at that date by the Indian Government, up to the present time, no settlement has been made with that Government with respect to these charges, and the directions of the Lords Commissioners of the Treasury are required as to whether they are to be admitted against the Imperial Government, and if so, whether they should be charged against the general surplus on Army Votes for 1869-70.

I am, &c.
(signed) *Northbrook.*

the Votes included in the foregoing Account, together with the Causes of Variation, &c.—*cont^d*.

(7529—507—4911.)

My Lord,

Treasury Chambers, 2 July 1870.

THE Lords Commissioners of Her Majesty's Treasury have had before them your letter of 8th March last, relative to the mode of charging pensions to wounded soldiers and to the relatives of deceased soldiers in the service of the Indian Government, which were granted in connection with the first and second China Expeditions.

In reply, their Lordships desire me to acquaint you, for Mr. Secretary Cardwell's information, that they consider that the principle laid down in the letter from this Department of 24th May 1866, with regard to pensions granted in the last China War, must be held to apply to the two previous China Expeditions; and that any pension which may have been granted to wounded soldiers or to the relatives of deceased soldiers in accordance with the regulations of the Indian Government, on account of the services of such soldiers during those Expeditions, must be admitted to be chargeable to Imperial Funds, and should be defrayed out of the surplus on Army Grants for 1869-70.

The Lord Northbrook,
&c. &c.

I am, &c.
(signed) *James Stansfeld.*

the Votes, included in the foregoing Account, together with the Causes of Variation, &c.— *contd.*

CAUSES OF VARIATION.

This Excess is attributable to the large reduction which was effected in the Establishment of the Manufacturing Departments, during the year 1869-70.

The "probable Saving" by Casualties having been taken at too high a ratio contributed to this Excess.

This Saving was caused by Casualties.

This Saving was caused by Casualties.

The Excess has arisen from the retirement of a greater number of Adjutants than was anticipated.

FORTIFICATIONS.

(Brighton, 5—1780.)

Sir,

16 February 1870.

I HAVE the honour to request that you will move the Lords Commissioners of Her Majesty's Treasury to sanction the expenditure, during the present financial year, of a sum of 327*l.*, in addition to the amount of 2,000*l.*, taken in Vote 14, Part 1, of the Army Estimates 1869–70, for "Reconstructing part of the Sea Wall at Eastbourne."

I am to explain that during the progress of the work it was found that, in order to ensure the stability of the new wall, it was necessary to modify the mode of reconstruction contemplated, and to carry the foundations to a greater depth than originally proposed. Additional expense was thus unavoidably incurred, and a sum of 327*l.* in excess of the Vote of 2,000*l.* will have to be paid to defray all liabilities under the existing contract.

It is proposed to charge this sum to Vote 14, 1869–70, savings having been effected on other items in that Vote to meet the charge.

Mr. Secretary Cardwell trusts, therefore, that under the circumstances their Lordships will give their concurrence to the expenditure required.

The Secretary, Treasury.

I am, &c.
(signed) Northbrook.

(Brighton, 5—3396/70) (1816.)

My Lord,

Treasury Chambers, 2 March 1870.

THE Lords Commissioners of Her Majesty's Treasury have had before them your letter of the 16th ultimo, stating that the Vote of 2,000*l.* for "Reconstructing part of the Sea Wall at Eastbourne" will be exceeded by the sum of 325*l.*

Their Lordships desire me to state, for the information of Mr. Secretary Cardwell, that they are pleased to authorise this excess of 325*l.* on Vote 14, Sub-head F., of the Army Estimates for the current year, being temporarily met out of savings, which have been effected on other sub-heads of the same Vote.

The Lord Northbrook.

I am, &c.
(signed) James Stansfeld.

(77—29—276.)

Sir,

War Office, 11 August 1869.

I AM directed by the Secretary of State for War to request that you will represent to the Lords Commissioners of the Treasury that since the Estimates of the War Department were submitted to Parliament, the Special Committee on Small Arms have completed their experiments. Their report was, by Mr. Secretary Cardwell, referred to the Ordnance Council of the War Office, who recommended that the machinery at Enfield should be altered for the purpose of turning out a considerable number of the Martini-Henry rifles.

The Secretary of State concurring in the recommendation of the Council has authorised the requisite machinery to be adapted, which, with the foundations, is estimated to cost about 5,000*l.*

As this service will cause an excess over the sum provided for machinery in Vote 13 of the Army Estimates, I am directed to request the authority of the Lords Commissioners of the Treasury that such excess may be provided for out of the general savings upon that Vote (13) to the extent of 4,500*l.*, care being taken that the total of the Vote is not exceeded. The cost of the foundations, which is estimated at 441*l.*, should be properly charged to Vote 14, and can be met out of that Vote in consequence of the unforeseen and necessary postponement of a service for the diversion and drainage of the River Lea.

The Secretary, Treasury.

I am, &c.
(signed) Northbrook.

(14,094/69) (77—29—280.)

My Lord,

Treasury Chambers, 19 August 1869.

I AM directed by the Lords Commissioners of Her Majesty's Treasury to acknowledge the receipt of your letter of the 11th instant, on the subject of the expenditure which is required for altering the machinery at Enfield, for the purpose of turning out a large number of the Martini-Henry rifle, and I am to acquaint you, for the information of Mr.

Mr. Secretary Cardwell, that my Lords sanction the proposed expenditure of a sum not exceeding 5,000*l.* for the purpose in question, of which sum 4,500*l.* may be temporarily provided for out of general savings on Vote 13, and the remainder out of the savings on Vote 14, consequent on the postponement of the works connected with the diversion of drainage from the River Lea.

The Under Secretary of State, War Office.

I am, &c.
(signed) *William Law.*

(Malta, 5—1886.)

Sir,

War Office, 4 October 1869.

I AM directed by the Secretary of State for War to request that you will move the Lords Commissioners of Her Majesty's Treasury to sanction the expenditure of 300 *l.* at Malta, under the following circumstances:—

A sum of 972 *l.* was provided in Part 3 of the Estimates of Vote 14, 1869-70, for building up the mouth of a cavern formed by the sea under the Lower Castille Bastion, Malta, with the object of maintaining the defences. The greater portion of the work had to be carried out under water, by means of divers, but owing to difficulties experienced, and to delays caused by the heavy seas which prevailed, it is now reported that a sum of 300 *l.* in excess of the amount provided for that service will be required for its completion.

It is represented that, to prevent damage to the part already done, it is essential that the work be completed before the winter season sets in, and Mr. Secretary Cardwell trusts their Lordships will sanction the extra expenditure now required (300 *l.*).

I am to add that it is proposed to charge the amount to Vote 14, Part 3, 1869-70, on which savings sufficient to meet it will be effected.

The Secretary, Treasury.

I am, &c.
(signed) *E. Lugard.*

(Malta, 5—1903) (16,458/69.)

Sir,

Treasury Chambers, 12 October 1869.

I AM directed by the Lords Commissioners of Her Majesty's Treasury to state, for the information of Mr. Secretary Cardwell, with reference to your letter of the 4th instant, that my Lords approve of the temporary expenditure of 300 *l.* in excess of the Estimate for building up a cavern under the Castille Bastion at Malta, the amount to be charged, as recommended in your letter, to savings on Vote 14, Part 3, 1869-70.

The Under Secretary of State, War Office.

I am, &c.
(signed) *William Law.*

(Mauritius, 5—775.)

Sir,

War Office, 3 May 1869.

I AM directed by the Secretary of State for War to request that you will move the Lords Commissioners of Her Majesty's Treasury to sanction the expenditure of a sum of 320 *l.* at the Mauritius during the current financial year.

I am to explain that in Part 3 of the Estimates of Vote 14, 1868-9, provision was made for the renewal of certain iron pipes for supplying water to Fort George, Mauritius, but in consequence of the late arrival of the pipes from England the work could not be completed within that year, and when the Estimates for 1869-70 were being framed it was not known that any re-provision on account of this service would be required.

I am to add that savings sufficient to meet the expenditure required will be effected by the postponement of other services in Part 3, Vote 14, of the Army Estimates for the current year, out of which it is proposed to defray the cost of the service in question. I am therefore to request that, under the circumstances, you will obtain the approval of the Lords Commissioners of the Treasury to the course submitted.

I am, &c.
(signed) *E. Lugard.*

(Mauritius, 5—792) (7828/69.)

Sir,

Treasury Chambers, 7 May 1869.

IN reply to your letter of the 3rd instant, I am desired by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of Mr. Cardwell, that they sanction the expenditure during the current financial year of 320 *l.* in renewing certain iron pipes for supplying water to Fort George, Mauritius, the amount to be defrayed from savings in Part 3, Vote 14.

Sir Edward Lugard.

I am, &c.
(signed) *William Law.*

(77—General No. 2042.)

Sir,

War Office, 3 December 1869.

I AM directed by the Secretary of State for War to request that you will obtain the sanction of the Lords Commissioners of Her Majesty's Treasury, to an expenditure of 230 l. under the following circumstances:—

The water supply to the Royal Small Arms Factory, at Enfield Lock, is now derived from an Artesian well, and it has been represented that by certain alterations to the machinery, and the provision of a new pump, works estimated to cost 230 l., the wear and tear of the engine and pumping machinery may be reduced, a more plentiful water service obtained for the ordinary wants of the establishment, and a more reliable supply in case of fire.

No provision has been made in the Army Estimates of 1869–70 for the service, but there are funds available on Vote 14, sufficient to meet the charge, and it is considered desirable that the alterations should be effected without delay.

Mr. Cardwell therefore requests that their Lordships will sanction the immediate execution of the work, and the cost being charged against Vote 14, Army Estimates, 1869–70.

The Secretary, Treasury.

I am, &c.
(signed) *Northbrook.*

(77—General No. 2063) (20,107/69.)

Sir,

Treasury Chambers, 9 December 1869.

THE Lords Commissioners of Her Majesty's Treasury have had before them Lord Northbrook's letter of 3rd instant, relative to the improvement of the water supply in the Royal Small Arms Factory, Enfield.

I am directed to acquaint you, for the information of Mr. Secretary Cardwell, that my Lords sanction the temporary appropriation of 230 l. for this purpose, as proposed, out of general savings, Vote 14, Army Estimates, 1869–70.

The Under Secretary of State, War Office.

I am, &c.
(signed) *James Stansfeld.*

(York, 5—231.)

Sir,

War Office, 21 September 1869.

I AM directed by the Secretary of State for War to request that you will move the Lords Commissioners of Her Majesty's Treasury to sanction the expenditure of a sum of 286 l., which is required for carrying out certain works at Paull on the Humber, under the following circumstances:—

The War Department possesses some property at Paull in connection with a defensive battery at that place, and in order to guard against a recurrence of inundation, due to overflowing the river banks during very high tides, the Commissioners of Sewers for a portion of the East Riding of Yorkshire have, under the powers vested in them under a Statute of Henry VIII., served a notice on the War Department, requiring that the embankment of its property be forthwith raised to a level corresponding with that of the banks immediately adjoining.

The cost of carrying out the necessary work is estimated at 286 l., and as no provision has been made for it in the Army Estimates of 1869–70, Mr. Secretary Cardwell requests that their Lordships will sanction the execution of this service.

I am to add that it is proposed to charge the cost of the work in question to Vote 14, Part 3, 1869–70, in which savings will be effected sufficient to meet the expenditure required.

The Secretary, Treasury.

I am, &c.
(signed) *E. Lugard.*

(York, 5—233) (15,955.)

Sir,

Treasury Chambers, 29 September 1869.

WITH reference to Sir E. Lugard's letter of the 21st instant, York, 5–231, submitting for the sanction of the Lords Commissioners of Her Majesty's Treasury the expenditure of a sum of 286 l., which is required for carrying out certain works at Paull, on the Humber, with a view to guard against a recurrence of inundation due to overflowing the river banks during very high tides, the cost of the works to be charged to Vote 14, Part 3, 1869–70, on which savings will be effected sufficient to meet the expenditure, I am commanded by their Lordships to acquaint you, for the information of the Secretary of State, that they approve of the temporary appropriation of the amount as proposed.

The Under Secretary of State for War.

I am, &c.
(signed) *William Laro.*

(Edinburgh, 5—1052.)

Sir,

War Office, 3 January 1870.

I AM directed by the Secretary of State for War to request that you will obtain the sanction of the Lords Commissioners of Her Majesty's Treasury to the expenditure during the current financial year, of a sum of 800 £, in addition to the amount taken in Vote 14, Part 1., for "Constructing Store Magazine at Blackness, North Britain."

I am to explain that works of the total estimated cost of 5,000 £. have been sanctioned by Parliament for the provision of a magazine establishment at Blackness, and a Vote of 1,500 £. has been taken in 1869-70, which it was expected would enable the works to be completed during the current financial year, but, consequent on questions having arisen respecting the extent of accommodation to be provided under the Control system, the works in 1868-9 were delayed, and the Contractor subsequently withdrew from his contract. This led to an unexpended balance of the Vote for that year (798 £.).

The magazine is completed, and with a view to the completion of the accessory buildings, and the preparation of the establishment for the reception of powder at an early date, and also in order to obviate the necessity for a re-Vote in 1870-71, Mr. Secretary Cardwell proposes to authorise the completion of the works during 1869-70.

I am to add that no excess will be caused on the total Estimate for the work, and that the additional amount required (800 £.) can be met by savings on other items in the same Vote and Part of the Estimates of the current year.

The Secretary, Treasury.

I am, &c.
(signed) *Edward Lugard.*

(Edinburgh, 5—1060) (146/70.)

Sir,

Treasury Chambers, 12 January 1870.

THE Lords Commissioners of Her Majesty's Treasury have had before them your letter of the 3rd instant, requesting the sanction of this Board to the expenditure during the current financial year, of a sum of 800 £, in addition to the amount taken in Vote 14, Part 1, for "Constructing Store Magazine at Blackness, North Britain."

I am directed to acquaint you, for Mr. Secretary Cardwell's information, that my Lords approve of the temporary appropriation of that sum, as proposed, out of savings on other items in the same Vote.

The Under Secretary of State, War Office.

I am, &c.
(signed) *James Stansfeld.*

(Woolwich, 11—557.)

Sir,

War Office, 16 December 1869.

IN reference to your letters of the 20th October 1868, and 20th March 1869, authorising payments of 766 £. and 432 £. over the Vote of 1,000 £. taken in Vote 14, Part 1, of the Army Estimates 1868-69, for the purchase of property outside the Royal Arsenal, at Woolwich, for the prolongation of rifle ranges, I am directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that further claims, amounting in all to 240 £. 5 s. 6 d., have been received in this Office in respect of the purchase in question.

No special provision has been made in the Estimates for the current year to meet these payments; but they will not involve an excess on the total Estimate for the service, as sanctioned by Parliament. Mr. Cardwell therefore proposes to charge the expenditure to Vote 14, Part 1, of the Army Estimates, 1869-70, on which sufficient savings will be effected to meet this charge, and requests the approval of the Lords Commissioners of Her Majesty's Treasury to this course.

The Secretary, Treasury.

I am, &c.
(signed) *Edward Lugard.*

(Woolwich, 11—558) (20,861/69.)

Sir,

Treasury Chambers, 30 December 1869.

WITH reference to your letter of the 16th instant, relative to certain further claims which have arisen in respect of the purchase of property at Woolwich, for the prolongation of the rifle ranges, I am directed by the Lords Commissioners of Her Majesty's Treasury to request that my Lords may be informed whether the sum of 240 £. 5 s. 6 d., referred to in your letter, will complete the expenditure required for this service; and with reference to the statement in the Estimates of 1868-69, that 2,000 £. would be required to complete the work, in addition to the sum of 1,000 £. voted in that year, why no provision was made for this service in the Estimates of the current year.

The Under Secretary of State, War Office.

I am, &c.
(signed) *Geo. A. Hamilton.*

(Woolwich, 11—558.)

Sir,

War Office, 27 January 1870.

I AM directed by the Secretary of State for War to acknowledge the receipt of your letter of the 30th ultimo, inquiring whether the sum of 240 *l.* 5 *s.* 6 *d.* applied for in the communication from this office, dated 16th December 1869, will complete the expenditure required for the purchase of property at Woolwich, for the prolongation of the rifle ranges, and why no provision for the service was made in the Estimates of 1869–70.

In reply thereto, I am to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that no new purchases of land for the rifle ranges have been made since the preparation of the Estimates for 1869–70.

In explanation of the necessity for the provision of funds during the current year on account of this service, I am to state that it arises in consequence of a dispute in the Court of Chancery in respect to the title of the land, and as it was impossible to ascertain when the dispute would be settled, no provision was made in the Estimates for the legal charges attending the litigation.

The case has now been concluded, and hence the necessity of obtaining funds to liquidate the costs incurred.

With reference to your inquiry whether the amount of 240 *l.* 5 *s.* 6 *d.* applied for in the letter of 16th December before quoted, is sufficient to complete the purchase of the property, Mr. Cardwell desires me to state that, since the date of that letter, it has been ascertained that further charges for costs, &c., amounting to about 300 *l.*, will become payable during this year, making a total of 540 *l.*, which it is considered will cover the whole of the outstanding liabilities in connection with the acquisition of the land.

Mr. Cardwell proposes to charge this expenditure to Vote 14, Part 1, of the Army Estimates, 1869–70, on which sufficient savings will be effected to meet the charge.

Under these circumstances, Mr. Cardwell trusts that their Lordships will not withhold their sanction to this expenditure.

The Secretary, Treasury.

I am, &c.
(signed) *Edward Lugard.*

(Woolwich, 11—559) (1936/70.)

Sir,

Treasury Chambers, 5 February 1870.

THE Lords Commissioners of Her Majesty's Treasury have had before them your letter of the 27th ultimo, with further explanations relative to the proposed prolongation of Woolwich rifle range, and stating that the whole cost of this service will amount to 540 *l.*

I am directed to acquaint you, for Mr. Cardwell's information, that my Lords approve of this expenditure being met out of savings on Vote 14, Part 1.

The Under Secretary of State, War Office.

I am, &c.
(signed) *R. R. W. Lingen.*

BARRACKS.

(Hong Kong, 2—2617.)

Sir,

War Office, 10 September 1870.

I AM directed to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that the total Estimate for the huts at Hong Kong, which were in the first instance intended as barracks for native troops, but were afterwards adapted for European troops instead, amounted to 27,721 *l.*

The total sum voted in the Estimates of 1868–69 and 1869–70, amounted to 28,236 *l.* The actual expenditure, according to the reports received from the Station, has been 26,600 *l.* Owing, however, to the expenditure in 1868–69 having been less than was anticipated, resulting in a large saving in that year, and to heavier payments being necessary in the year following, there is an excess of 498 *l.* on the sum voted for 1869–70, as follows:—

Voted in 1869–70 (Vote 14).	Expenditure, 1869–70.	Excess.
£.6,236.	£.6,734.	£.498.

for which I am to request their Lordships' covering sanction, the amount being defrayed from savings generally on Vote 14.

The Secretary, &c., Treasury.

I am, &c.
(signed) *J. H. C. Vivian.*

(Hong Kong, 2—2629) (17,035/70.)

My Lord,

Treasury Chambers, 15 September 1870.

I AM commanded by the Lords Commissioners of Her Majesty's Treasury to signify to you, for the information of Mr. Secretary Cardwell, their Lordships' approval of the temporary appropriation of the sum of 498 *l.* from savings effected on Vote 14 generally of the Army Estimates for the year 1869-70, to meet an excess amounting to that sum, which has occurred in the item in Vote 14 of the same Estimates for the huts at Hong Kong, as shown in Captain Vivian's letter of the 10th instant.

The Lord Northbrook.

I am, &c.
(signed) *William Law.*

(Woolwich, 2—5064.)

Sir,

War Office, 28 October 1869.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that in consequence of the unforeseen transfer of the Royal Marine Barracks at Woolwich to this department in exchange for the Barracks at Deal (Walmer), which have been handed over to the Admiralty, it is found that the ordinary and current repairs to this Barrack will require an expenditure of 500 *l.* in excess of the amount authorised in Part 3, for Woolwich.

I am to request their Lordships' sanction for this excess, which it is proposed to defray from savings anticipated on Vote 14, Part 3, and which will in part be met by savings at Dover, consequent upon the transfer of Walmer Barracks to the Admiralty.

The Secretary, &c., Treasury.

I am, &c.
(signed) *Northbrook.*

(Woolwich, 2—5079) (17,846/69.)

Sir,

Treasury Chambers, 6 November 1869.

WITH reference to Lord Northbrook's letter of the 28th ultimo, relative to excess of expenditure for repairs of the Royal Marine Barracks, Woolwich, I am directed by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of the Secretary of State, that my Lords approve of the proposed temporary appropriation of the necessary sum (500 *l.*) out of anticipated savings on Vote 14, Part 3.

The Under Secretary of State, War Office.

I am, &c.
(signed) *William Law.*

(Aberdeen, 2—756.)

Sir,

War Office, 11 November 1869.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that the Estimates for 1868-9, Vote 14, Part 1, included 6,000 *l.* for erecting Barracks at Ballater, of which, however, only 3,456 *l.* could be expended on the work in that year, and that a further sum of 2,400 *l.* was voted in 1869-70.

The liabilities in 1869-70 amount to 2,862 *l.*, involving a small excess of 318 *l.* over the amount of the original estimate, chiefly caused by certain drainage works and extra foundations, &c., respecting which no information in detail was possessed at the time of preparing the Estimates; and it was, moreover, anticipated that the expenditure in 1868-9 would have been greater.

For the sum of 462 *l.* now required over the amount voted in 1869-70, and which is proposed to be defrayed from savings generally on Vote 14, I am to request their Lordships' sanction.

The Secretary, &c., Treasury.

I am, &c.
(signed) *Northbrook.*

(Aberdeen, 2—760) (18,749/69.)

Sir,

Treasury Chambers, 16 November 1869.

WITH reference to Lord Northbrook's of 11th instant, relative to the excess of expenditure in connection with the erection of Barracks at Ballater, I am directed by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of Mr. Secretary Cardwell, that my Lords approve of the temporary appropriation of the sum of 462 *l.* out of savings generally on Vote 14, to meet that excess as proposed.

The Under Secretary of State, War Office.

I am, &c.
(signed) *James Stansfeld.*

(Honduras, 2—246.)

Sir,

War Office, 20 November 1869.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that, owing to the death of the contractor at Honduras, and there being no resident officer of the Royal Engineer Department, delay has arisen in the settlement of the accounts for works at that station.

The Commanding Royal Engineer at Jamaica, to which command Honduras is attached, reports that on account of Barrack Works executed in 1867-8 and 1868-9, he received in March 1869 certain bills amounting to 682 *l.* 3 *s.* 11 *d.*, in respect to which he did not possess sufficient information, and that the latter could not be obtained until too late for payment in 1868-9.

These bills, less advances amounting to 360 *l.* which had been made on the spot, therefore come into payment in 1869-70; and I am to request their Lordships' sanction to the payment of the sum of 322 *l.* 3 *s.* 11 *d.*, which it is proposed to defray from savings anticipated on Vote 14 generally.

The Secretary, &c., Treasury.

I am, &c.
(signed) *Northbrook.*

(Honduras, 2—247) (19,267/69.)

Sir,

Treasury Chambers, 29 November 1869.

THE Lords Commissioners of Her Majesty's Treasury have had before them Lord Northbrook's letter of 20th instant, relative to the settlement of accounts for works at Honduras.

I am directed to acquaint you, for the information of Mr. Secretary Cardwell, that my Lords approve of the temporary appropriation of the sum of 322 *l.* 3 *s.* 11 *d.* as proposed, for the payment of certain bills received by the Commanding Royal Engineer at Jamaica, on account of Barrack Works executed at Honduras in 1867-8 and 1868-9.

The Under Secretary of State, War Office.

I am, &c.
(signed) *James Stansfeld.*

(Simon's Town, 16—38.)

Sir,

War Office, 10 February 1870.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that the Cape of Good Hope Estimates for 1868-9 included an item of 700 *l.* for the purchase of a house at Simon's Town, which had been rented for some years at 65 *l.* per annum, and used as Quarters for Military Store Officers, but the legal conveyance could not be completed in time to enable payment to be made within that year, and the money therefore lapsed.

The transaction has now been concluded, and I am to request their Lordships' sanction to charge the sum of 700 *l.* against Vote 14, Part 2, 1869-70, the amount to be covered by savings on Vote 14 generally.

The Secretary, &c., Treasury.

I am, &c.
(signed) *Edward Lugard.*

(Simon's Town, 16—40) (3000/70.)

Sir,

Treasury Chambers, 16 February 1870.

THE Lords Commissioners of Her Majesty's Treasury having had before them your letter of 10th instant, direct me to acquaint you, for Mr. Secretary Cardwell's information, that they sanction the sum of 700 *l.* (which has been expended in the purchase of a house at Simon's Town to be used as Quarters for Military Store Officers) being charged temporarily to Vote 14, Part 2, 1869-70; the amount to be covered by savings on Vote 14 generally.

The Under Secretary of State, War Office.

I am, &c.
(signed) *R. R. Lingen.*

(Dublin, 19—35.)

Sir,

War Office, 10 February 1870.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that the conversion of part of a granary in the Royal Barracks, Dublin, into reading and recreation rooms was estimated at 900 *l.*, and was commenced in 1868-9 on the Reading and Recreation Room Grant, Vote

Vote 14, Part 1, for that year, but only a small portion was completed and paid for prior to the 31st March 1869, and as the special grant in question was discontinued as a separate item in the Estimates for 1869-70, the sum of 900 *l.* was provided in the latter year in the sum taken in Vote 14, Part 2.

In consequence, however, of the peculiar nature of the work rendering it difficult to define all that might prove to be required, it was considered desirable to execute it by measurement rather than by a lump sum contract.

During the progress of the work it was found that the roofing timbers were decayed and required renewal, and this, added to the rates by measurement, after twice resorting to public competition, proving higher than those on which the Estimate was based, has led to an excess of 220 *l.* on the sum provided in 1869-70.

To meet this excess there are funds available in Part 2, but as it raises the total cost of the work to more than 1,000 *l.*, or above the limit of a service for Part 2, I am to request the sanction of their Lordships to the whole amount being charged under the head of Part 1, defraying it, however, from the money available in Part 2, that is to say, a corresponding saving being effected in Part 2.

I am, &c.
(signed) *Edward Lugard.*

(Dublin, 19—39) (2947/70.)

Sir,

Treasury Chambers, 17 February 1870.

THE Lords Commissioners of Her Majesty's Treasury have had before them your letter of 10th instant, stating that an excess of 220 *l.* has been incurred on the sum provided in 1869-70 for the Reading and Recreation Rooms, Dublin.

I am directed to acquaint you, for Mr. Secretary Cardwell's information, that my Lords sanction the whole amount expended being temporarily charged under Part 1, Vote 14, but defrayed from the money available in Part 2, as proposed.

The Under Secretary of State, War Office. I am, &c.
(signed) *James Stansfeld.*

(Limerick, 2—887.)

Sir,

War Office, 25 March 1870.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that an excess of 524 *l.* has been incurred on Vote 14, Part 3, Limerick District, 1869-70, consequent on a greater expenditure for Barrack Incidental Repairs than was provided for. This expenditure is attributable, in a measure, to the larger occupation of barracks in Ireland still continuing, and to the necessity for renewing as an incidental service sundry floors and ceilings which proved to be past repair; and I am to request their Lordships' sanction to this excess, which it is proposed to defray from savings on Vote 14 generally.

The Secretary, &c., Treasury. I am, &c.
(signed) *Northbrook.*

(Limerick, 2—889) (6202.)

My Lord,

Treasury Chambers, 1 April 1870.

I AM commanded by the Lords Commissioners of Her Majesty's Treasury to state, for the information of Mr. Secretary Cardwell, that my Lords are pleased to sanction the temporary appropriation of an excess of 524 *l.*, which has been incurred on Vote 14, Part 3, of the Army Estimates for the Year 1869-70, on account of Incidental Repairs to Barracks in the Limerick District, out of general savings which have been effected on Vote 14.

The Lord Northbrook. I am, &c.
(signed) *James Stansfeld.*

(Colchester, 2—2251.)

Sir,

War Office, 28 March 1870.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that Vote 14, Part 1, of the Army Estimates, 1869-70, includes an item of 2,200 *l.* for the erection of quarters for two commanding officers at Colchester. The work having been put up to competition, a tender amounting to 2,395 *l.* was accepted. Certain extras (concrete in foundations, &c.) became necessary, and the total cost of the work, it is now ascertained, will be 2,416 *l.*; and I am to request the sanction of their Lordships to the excess of 216 *l.*, which it is proposed to defray from savings on Vote 14, Part 1.

To the Secretary, &c., Treasury. I am, &c.
(signed) *Northbrook.*

(Colchester, 2—2261) (6366.)

My Lord,

Treasury Chambers, 4 April 1870.

I AM commanded by the Lords Commissioners of Her Majesty's Treasury to state, for the information of Mr. Secretary Cardwell, with reference to your letter of the 28th ultimo, that my Lords are pleased to approve of the temporary appropriation of the sum of 216 *l.* from savings which have been effected on Vote 14, Part 1, of the Army Estimates for the year 1869-70, to meet an excess of 216 *l.* which has been incurred on the item of 2,200 *l.* in the same Vote, on account of the erection of quarters for two commanding officers at Colchester.

The Lord Northbrook.

I am, &c.
(signed) *James Stansfeld.*

(General No., 2—6382.)

Sir,

War Office, 27 May 1870.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that in connection with the recent departmental changes, measures have been taken for ensuring the proper performance of the necessary intermediate whitewashing of barrack and hospital premises by the troops at the periods laid down by the regulations.

From the detailed reports of expenditure received from the stations, it appears that the actual outlay on the service for 1869-70 was 1,448 *l.*, being 448 *l.* in excess of the amount 1,000 *l.*, taken in the Estimate, Vote 14, Part 3, as the probable sum required, and I am to request the sanction of their Lordships to defray the excess from savings generally on the Vote.

The Secretary, &c., Treasury.

I am, &c.
(signed) *Northbrook.*

(General No., 2—6422) (10,504.)

My Lord,

Treasury Chambers, 6 June 1870.

WITH reference to your Lordship's letter of the 27th ultimo, I am directed to acquaint you, for the information of the Secretary of State, that the Lords Commissioners of Her Majesty's Treasury sanction the temporary appropriation from savings generally on Vote 14, of 448 *l.*, to cover the excess of expenditure which has been incurred over the sum voted for the whitewashing of barrack and hospital premises.

I am, &c.
(signed) *Charles Stronge.*

(Sheerness, 2—1623.)

Sir,

War Office, 18 June 1870.

WITH reference to your letter of the 9th September 1868, 13812/68, conveying the approval of the Lords Commissioners of Her Majesty's Treasury to the expenditure of a sum of 1,000 *l.* in 1868-9, in sinking a new shaft to the depth of 200 feet for the supply of water to the troops at Sheerness, leaving the balance required, viz., 500 *l.*, to be provided in 1869-70, I am to state, for their Lordships' information, that owing to unforeseen difficulties in the execution of the work, the expenditure in 1868-9 was only 672 *l.* instead of 1,000 *l.*, while in 1869-70 the sum of 833 *l.* 19 *s.* was expended, to meet which, 600 *l.* only was provided in the Estimates for that year.

For this excess, amounting to 233 *l.* 19 *s.*, which can be defrayed from savings on Vote 14, I am to request their Lordships' sanction.

I am, &c.
(signed) *Northbrook.*

(Sheerness, 2—1639) (11,912.)

My Lord,

Treasury Chambers, 28 June 1870.

WITH reference to your letter of 18th instant, I am directed to acquaint you, for Mr. Secretary Cardwell's information, that the Lords Commissioners of Her Majesty's Treasury sanction the temporary appropriation, from savings on Vote 14, of the sum of 233 *l.* 19 *s.*, to cover the excess of expenditure which has been incurred over the sum provided in the Estimates for 1869-70, for the sinking of a new shaft at Sheerness for the supply of water to the troops.

The Lord Northbrook.

I am, &c.
(signed) *James Stansfeld.*

(Gibraltar, 2—2695.)

Sir,

War Office, 30 April 1870.

WITH reference to your letter of the 1st April, No. 4561, respecting the erection of an engine and boiler house at Gibraltar, I am directed to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that the Secretary of State for War concurs in opinion with Lord Granville that one-third of the cost should be contributed from Imperial funds.

I am, however, to add that, in consequence of their Lordships' letter of the 15th February last, 2216/69, no provision for this amount has been made in the Estimates of the current year.

The Secretary, &c., Treasury.

I am, &c.
(signed) *E. Lugard.*

(Gibraltar, 2—2737) (7696/69.)

Sir,

Treasury Chambers, 22 May 1869.

THE Lords Commissioners of Her Majesty's Treasury have had before them your letter of the 30th ultimo, in which the Secretary of State recommends that one-third of the cost of the erection of an engine and boiler house in connection with the drainage works at Gibraltar should be contributed from Imperial funds, and I am to acquaint you that, in deference to the opinion expressed by Mr. Cardwell and by Lord Granville, my Lords will not refuse their consent to the proposal.

If it is essential that the work should be carried out during the present year, my Lords are of opinion that the amount to be contributed by the War Office should be charged to Vote 14, and they will be prepared to sanction any excess which may be caused thereby, being defrayed from the surplus on the aggregate Votes.

Sir E. Lugard.

I am, &c.
(signed) *G. A. Hamilton.*

(Gibraltar, 2—2808.)

Sir,

War Office, 18 August 1869.

I AM directed by the Secretary of State for War to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that provision of 800 l. was made in the Estimates, 1869-70, for alterations to drains and privies, and connecting them with the new line of sewers at Gibraltar in course of construction by the Sanitary Commissioners, under the Order in Council of 1865.

Under date 6th February it was reported from the station that a larger amount would be required, but it was then too late to increase the amount provided.

Owing to the peculiar nature of the work, accurate preliminary Estimates could not be prepared, and it is now reported by the General Officer Commanding that there is a deficiency of 247 l.

Mr. Secretary Cardwell requests that their Lordships will be pleased to authorise this excess, which it is proposed to defray from contemplated savings on Vote 14, Part 1.

The Secretary, &c., Treasury.

I am, &c.
(signed) *Northbrook.*

(Gibraltar, 2—2826) (14,352/69.)

Sir,

Treasury Chambers, 31 August 1869.

I AM directed by the Lords Commissioners of Her Majesty's Treasury to state, for the information of Mr. Secretary Cardwell, with reference to your letter of 18th August, that my Lords will not refuse their sanction to the temporary appropriation of the sum of 247 l. from the expected saving on Vote 14, Part 1, as proposed, to cover the excess over the Estimate for certain drains, &c., at Gibraltar.

My Lords trust, however, that this amount will complete the works which are required for this purpose.

The Under Secretary of State, War Office.

I am, &c.
(signed) *G. A. Hamilton.*

COPY of the Application to appropriate temporarily the Surpluses on certain Votes for Army Services, 1869-70, in Aid of Deficiencies, and of the Treasury Reply thereto.

Sir, War Office, 30 December 1870.

I AM directed by Mr. Secretary Cardwell to forward, for the information of the Lords Commissioners of Her Majesty's Treasury, an Account showing a comparison of the Army Expenditure for the year ended the 31st March 1870, with the Grants of Parliament, and also an Abstract from an explanatory paper, in which are assigned the reasons for the variation between the sums charged and those voted for the Sub-items in the Army Estimates, and to request you will move their Lordships to issue their authority to defray temporarily the excesses therein shown out of the surpluses (also detailed in the Statement), in conformity with the terms of the Act 32 & 33 Vict. c. 93, s. 27.

I am, &c.
(signed) J. C. W. Vivian.

(7512-204.)

Sir, Treasury Chambers, 14 January 1871.

22,777-70.

(7512-199.)

THE Lords Commissioners of Her Majesty's Treasury have had before them Mr. Vivian's letter of the 30th December last, transmitting a Statement showing a comparison of Army and Militia Expenditure for the year 1869-70, with the Grants of Parliament for the same period, from which it appears, that an excess has occurred on certain Grants (as per margin), and on account of irrecoverable debts, for the year ended the 31st March 1870, amounting in the whole, to the sum of 296,245 *l.* 18 *s.* 11 *d.*, but that on the remaining Grants for the year, there is an aggregate surplus of 624,665 *l.* 17 *s.* 11 *d.*

27	-	-	-	537	13	5
				291,175	-	3
Irrecoverable Debts.				5,070	18	8
TOTAL - - £.				296,245	18	11

My Lords observe that the net surplus on the ordinary Grants during the year 1869-70 amounts to 801,084 *l.* 13 *s.* and that a net expenditure has been incurred on account of the Abyssinian War, to the amount of 472,664 *l.* 14 *s.*, showing a total saving on the year of 328,419 *l.* 19 *s.*

In pursuance of the authority granted by the 27th section of the Act 32 & 33 Vict. c. 93, my Lords authorise the sum of 296,245 *l.* 18 *s.* 11 *d.* being included in the Account of Army Receipt and Expenditure for the year 1869-70, prepared under the provisions of the Act 9 & 10 Vict. c. 92, and they approve of the surplus amounting, as before mentioned, to the sum of 624,665 *l.* 17 *s.* 11 *d.*, being applied to the discharge of the said deficiencies. The account which accompanies Mr. Vivian's letter is returned herewith.

Lieutenant General Sir E. Lugard, G.C.B.
&c. &c. &c.

I am, &c.
(signed) J. Stansfeld.

MEMORANDUM (Explanatory Paper, No. 7).

THE following Extra Receipts of the Year 1869-70, amounting to 740,214 *l.* 14 *s.* 1 *d.*, have been paid over to Her Majesty's Exchequer, in conformity with the Treasury Minute of the 2nd May 1848, instead of being appropriated to the Estimates.

Henry Whiffin,
Accountant General of the Army.

BALANCE SHEET,

SHOWING

THE LEDGER BALANCES ON THE 30TH SEPTEMBER 1870,

THE DATE ON WHICH THE FOREGOING

APPROPRIATION ACCOUNT OF RECEIPT AND EXPENDITURE

WAS CLOSED.

EXPLANATORY PAPER, No. 8.

BALANCE SHEET, showing the LEDGER BALANCES on the 30th September 1870, the Date on which the foregoing APPROPRIATION ACCOUNT of RECEIPT and EXPENDITURE was Closed.

N.B.—To obviate the necessity of introducing into the following Statement the separate results of all the Accounts, the Balances in the Ledger are shown in *Classes*, except in those instances in which it has been deemed advisable to add special explanations, with a view of illustrating the principle upon which the Account has been prepared and the final Balance struck. The Account is one of Receipt and Expenditure within the Year, and has been kept open for *Six Months* after the expiration of the Year to which it refers, in order that all Payments posted within that period, relating to the said Year, may be included in it, and the whole Expenditure on Imprest be audited before declaring the Balance. The Postings of the Receipts and Payments comprised in that Account being therefore spread over a period of *One Year and Six Months*, the proof of the correctness thereof may be shown either by the Balances which remained on the Books at the Date to which the Account of Receipt and Expenditure extends (*viz.*, 31 March 1870); or by those which remained at the Date when it was definitely closed (*viz.*, 30 September 1870). The Balance Sheet to the latter Date is given, as it exhibits a more complete Statement of the Accounts.

ARMY (COLONIES).

STATEMENT showing the Amounts included in the ARMY ESTIMATES, 1871-72, for MILITARY PURPOSES in the COLONIES, and the probable REPAYMENTS by the several Colonies on the same Account.

(Presented to Parliament by Her Majesty's Command.)

Ordered, by The House of Commons, to be Printed,
10 February 1871.

ARMY (REWARDS TO INVENTORS).

ARMY ESTIMATES, 1871-72.

VOTE 15 c.—REWARDS TO INVENTORS.

EXPLANATORY STATEMENT.

Item,—

1. Payment to Captain Moncrieff in fulfilment of the arrangement made in "Report of Committee" presented to Parliament 1869.
2. Payment to the Trustees of Mr. Snider's Patents. Proceedings of Ordnance Council annexed.

PROCEEDINGS of a Committee assembled at the War Office, on Thursday,
3rd November 1870.

PRESENT:

Lord Northbrook, Under Secretary of State for War, President.
The Hon. J. C. Vivian, M.P., Financial Secretary, War Department.
Vice-Admiral Sir Spencer Robinson, K.C.B., Controller of the Navy.
Major-General Collingwood Dickson, C.B., V.C., Inspector-General of Artillery.
Major-General Sir F. Chapman, K.C.B., Inspector-General of Engineers.
Major-General J. Lefroy, C.B., R.A.
Brigadier-General J. M. Adye, C.B., Director of Artillery and Stores.
Colonel T. Elwyn, R.A., Commandant School of Gunnery.
Colonel W. A. Middleton, C.B., Deputy Adjutant-General, Royal Artillery.
Captain A. Hood, R.N., Director of Naval Ordnance.
Captain the Hon. F. A. Foley, H.M.S. "Cambridge."
Colonel W. F. D. Jervois, C.B., Deputy Director of Works.
Captain A. Harrison, R.A., Secretary.

Questions:—

1. Are the Trustees of Mr. Snider's Patents entitled to a Royalty or Reward in respect to the Manufacture of New Breech-loading Arms on the Snider System?
 2. In the event of Question 1 being decided in the affirmative, what amount should be granted?
-

Resolved,—

1. That steps be taken to ascertain from the trade whether any Royalty is paid by the Contractors to the Trustees.
2. That if no Royalty is received by the Trustees from such source, then 6*d.* per arm should be paid for new arms up to 200,000; but if any Royalty is paid by the Contractors, then the payment by Government should be restricted to the same sum for each arm made at the Royal Small Arms Factory at Enfield.

Northbrook.

Note.—An arrangement was made in August 1866, by the then Secretary of State, to the following effect, viz.: That the Trustees would have a further claim for remuneration in the event of the Snider system being adopted for *new* arms, as distinguished from *conversions*.

FURTHER EXPLANATORY STATEMENT.

Item 3.—Payment to Major Palliser, in respect of certain Inventions and Proposals:

PROCEEDINGS of a Committee assembled at the War Office, on Wednesday,
25th January 1871.

PRESENT:

Lord Northbrook, Under Secretary of State for War, President.
Major-General the Right Hon. Sir H. K. Storks, G.C.B., G.C.M.G., Surveyor-General
of the Ordnance.
The Hon. J. C. Vivian, M.P., Financial Secretary, War Department.
Vice-Admiral Sir Spencer Robinson, K.C.B., Controller of the Navy.
Major-General Collingwood Dickson, C.B., V.C., Inspector-General of Artillery.
Major-General Sir F. Chapman, K.C.B., Inspector-General of Fortifications.
Major-General J. H. Lefroy, C.B., R.A.
Brigadier-General J. M. Adye, C.B., Director of Artillery and Stores.
Colonel T. Elwyn, R.A., Commandant School of Gunnery.
Colonel W. A. Middleton, C.B., Deputy Adjutant-General, Royal Artillery.
Captain A. Hood, R.A., Director of Naval Ordnance.
Captain the Hon. F. A. Foley, H.M.S. "Cambridge."
Colonel W. F. D. Jervois, C.B., R.E., Deputy Director of Works.
Captain A. Harrison, R.A., Secretary.

MAJOR PALLISER'S CLAIMS.

Resolved,—

The Committee have considered the claim of Major Palliser in respect of certain inventions and proposals enumerated in his letter of the 7th of February last, together with the Report of a Sub-Committee appointed to consider the subject.

They are of opinion that Major Palliser, under the existing Regulations, which were issued on the 23rd February 1869, would have had no claim to a reward in respect of the first and fourth claims put forward by him, but as the circumstances occurred previous to the issue of these Regulations, and as Major Palliser has undoubtedly rendered essential service to the public in respect to Artillery, they recommend that a sum of 1,500 *l.* be awarded to him.

Northbrook.

EDWARD CARDWELL.

(PRESENTED TO PARLIAMENT BY HER MAJESTY'S COMMAND.)

*Ordered, by The House of Commons, to be Printed,
10 February 1871.*

STATEMENT, showing the DIFFERENCE between the NUMBERS on the Establishments of the Regiments and Depôts in the United Kingdom of Regiments in India, in 1870-71, and those PROPOSED for 1871-72.

VOTE A.

Numbers in 1870-71	-	-	-	-	-	-	-	-	113,221
Numbers Proposed for 1871-72	-	-	-	-	-	-	-	-	133,201
Increase, 1871-72	-	-	-	-	-	-	-	-	19,980

THIS increase in the Number of the Regular Forces was included in a Special Vote granted in August 1870, and the additional Expense was provided for the last Financial Year by a Vote of Credit taken at the same time.

The statement appended shows the apportionment of the additional men in the several Arms of the Service :—

The Horse Artillery has been increased by six Batteries. Twenty Garrison Batteries have been converted into Field Batteries, and the remaining Garrison Batteries increased in strength.

The Artillery Depôt has also been largely increased, and so organised as to admit of the immediate expansion of that Branch of the Corps which may be needed for Active Service.

Nine Regiments of Cavalry are taken at a full War Strength of Men, and all the Regiments will consist of four Squadrons, all of which will take the Field when ordered on Active Service, and the Recruits will be trained at a general Depôt.

The Troops of the Engineer Train have been strengthened, and one Troop added for Telegraph Equipment.

All the Battalions of the Foot Guards, and 23 Battalions of Infantry, have an establishment of 850 Rank and File, as being first for Active Service.

The Army Service Corps has been increased by three Companies, two for Transport Service, and one for Supply.

The Army Hospital Corps has been increased in order to improve the arrangements for the internal service of Hospitals under the Control of the Medical Officers of the Army.

The Ceylon Rifle Corps will be reduced by two Companies, on the withdrawal of the Troops from Labuan, where they will be replaced by a Police Force.

V O T E 1.

GENERAL STAFF AND REGIMENTAL CHARGES.

Increase - - - £. 640,000.

A.—The decreases in the several appointments in the General Staff of the Army are due mainly to the withdrawal of the Regular Troops from Canada.

Colonels on the Staff have been added to take command of the Divisions which will be formed of the Reserve Forces in the several districts.

The District Inspectors of Musketry have been placed on the Staff of the General Officers of the Military Districts, who will henceforward be directly responsible for the conduct of the Musketry Practice of the Corps under their command. These officers will be Deputy Assistant Adjutant and Quartermaster General, and will be available for the general work of the Staff.

The Pay of the Inspector General of Recruiting, who was formerly a Brigadier General on the Staff, has been transferred to Vote 16.

B.—The charge for Travelling Expenses of the General Staff, together with that for the Travelling of all other services, has been transferred to Vote 10, under the administration of the Surveyor General, who has the direction of all Transport Services.

C. D. E. F. G.—The additional force is the cause of the several increases for Regimental Pay and other allowances. The earlier periods of service at which a soldier can obtain Good Conduct Pay (an advantage which has been granted in lieu of bounty), cause an increased charge.

I. J.—A sum has been taken to provide for the Charge for New Local Depôts, which are to be formed for Recruiting and Drilling the Men who may join either the Line or the Militia. There is an additional Charge for the Pay of Commandants and Men employed at Schools of Instruction for Officers of the Reserve Forces.

K.—The decrease under this Sub-Head is due to the transfer of the Charge for Travelling (*see* B). Additional sums have been provided for increased Recruiting Staff.

L.—A large sum has been taken for Levy Money for Recruits, in order to admit of Men who may have completed the Service required by the Enlistment Act of 1870 being passed into the Reserves.

No provision has been made for Bounty.

M.—The Office of General Agent has been abolished.

N. O.—An addition to the Veterinary Staff has been made in consequence of the increased number of Horses on the Establishment of the Army, and to organise a complete system of supply of Veterinary Medicines and Instruments for an Army in the Field.

P.—A large number of the Horses which have been added to the Establishment of the Army have been purchased from the Supply granted in the Vote of Credit. This Vote provides for the purchase of those required for the new Horse and Field Batteries of Artillery, and to replace the ordinary casualties during the year.

R.—Several minor additions have been made to the Establishment of the School of Gunnery, to strengthen the Instructional Staff of the classes of the Junior Officers.

T. U.—Assistant Instructors in Field Works and Submarine Mining have been added to the Staff of the School of Engineering in consequence of the recent development of these branches of Engineer Service. The increased charge for working pay is due to the same cause.

V.—An additional sum has been provided for labour of men working in the construction of large Camps of Instruction which are contemplated during the year.

W.—The transfer of the charge for District Inspectors of Musketry to the General Staff (*see A.*) causes a decrease.

X.—Additional Staff of Gymnastic Instructors is required for the Gymnasias which have been erected during the past year.

V O T E 2.

DIVINE SERVICE.

Increase - - - £. 3,000.

A.—Increase of Pay for Length of Service to the Chaplains' Department is the cause of the additional charge.

C.—A large number of Detached Stations will be occupied by Troops, and the Local Clergymen will receive Payment for their services to the Troops under the terms of the Royal Warrant.

V O T E 3.

ADMINISTRATION OF MARTIAL LAW.

Decrease - - - £. 16,700.

The transfer of the charges for Travelling of Prisoners and their Escorts to Vote 10 is the reason for the greater portion of this apparent decrease.

V O T E 4.

MEDICAL ESTABLISHMENTS AND SERVICES.

Increase - - - £. 800.

A.—Additional Medical Officers will be appointed to meet the requirements of Troops quartered in detached stations, but the increased charge is counterbalanced by the absorption of the large number of Supernumerary Officers who were in excess last year.

The charge for the Staff of the Office of the Director General has been transferred to this Vote from Vote 16.

D.—The transfer of the Management of all Services within the Hospitals to the Medical Officers, places the control of the Wages of Servants under them; and provision is therefore made for Pay of Nurses and others in this Vote instead of Vote 9.

V O T E 5.

MILITIA AND INSPECTION OF RESERVE FORCES.

Increase - - - £. 237,300.

A.B.—The Pay of the Inspector General of Militia has been transferred to Vote 16, and that of the Inspector General in Ireland is provided as a Colonel on the Staff in Vote 1.

D.—Pay is provided for Training the full quota of the Militia; such additional men as may be raised will be Trained as Recruits at the Local Depôts for varying periods not exceeding Three Months.

The period of Preliminary Drill for all Recruits has been increased from 14 Days to 28, prior to Training.

E. F. G., &c.—All the Allowances of the Militia have been calculated for the increased numbers, and additional number of days' training.

V O T E 6.

YEOMANRY CAVALRY.

Decrease - - - £. 200.

This Decrease is due to the Transfer of charge for Travelling.

V O T E 7.

VOLUNTEER CORPS.

Increase - - - £. 73,300.

- B.—Owing to the Appointment of a larger number of Serjeant Instructors the Charges under this Item are increased.
- C.—The number of Efficient Volunteers is very little in Excess of last Year. The number of Extra Efficients has increased, and causes an Additional Charge of 4,000 *l.* A Sum of 40,000 *l.* is provided to meet the Capitation Grant, which may be earned by Officers and Non-Commissioned Officers before 31st March next.
- D.—Provision has been made for the Expense of Volunteers attending Camps of Instruction, of Officers attending the Schools, and of Medical Attendance on the Permanent Staff of Volunteer Corps. The Total Additional Charge for these Services is estimated at 29,800 *l.*

V O T E 8.

ARMY RESERVE FORCE.

Increase - - - £. 61,200.

- B.—Provision is made for raising the First Class Army Reserve, which is already in Excess of the numbers Estimated for last Year, to 9,000 Men.
- C.—The Second Class Army Reserve (Enrolled Pensioners) will be raised to 30,000 men, and One-third of them will be called out for Training.
- D.—The Sum provided last Year for the Charge for Enrolled Pensioners in Western Australia was not sufficient.

V O T E 9.

CONTROL ESTABLISHMENT, WAGES, &c.

Decrease - - - £. 600.

- A.—The Decrease on this Sub-head is chiefly caused by the transfer to Item C. of about 20,000 *l.* for charges of the Subordinate Establishment. A reduction of 2,400 *l.* has been effected in the charge for Commissioned Officers, &c., and this saving will be greater in future years as the Supernumerary Officers become absorbed.
- B.—This apparent Decrease is simply referable to the transfer to Vote 10 of the Item for Travelling Expenses.
- C.—Taking into consideration the transfer mentioned under A., the real Increase under this Item is owing to the number of Barrack Stations occupied by the increased Force at Home, and the extra labour required at Woolwich and the other great Store Depôts. Upwards of 4,000 *l.* is included for Subordinates at Foreign Stations, in process of reduction, which will be required in another year.
- D.—The Increase is principally attributable to the transfer to Army Service of the charge for Police at the Dockyard at Woolwich.

V O T E 10.

PROVISIONS, FORAGE, &c.

Increase - - - £. 307,300.

- A. B. C. D.—The Increases are referable to the larger numbers both of Regular and Reserve Forces.
- E.—The Decrease under the Item Rents arises from the surrender of certain Buildings in China, Canada, &c., and would have been greater but for additional Rent-charges necessitated by the increased Force at Home.
- F.—The augmented Home Force is the cause of increased charge for Lodging Allowances.
- G.—The Expenditure during the expired months of the present year justifies a reduction of Estimate for Colonial Allowances.
- H. I.—The whole of the Travelling Expenses for all Army Services hitherto dispersed throughout the Estimates are now transferred to this Vote; hence the very wide difference between this and last year's figures under these two Items. Irrespective of this, however, there is necessarily an increased charge for Movement of Troops and other Travelling Expenses at Home on most Services, owing to the augmentation of Regular and Reserve Forces, the greater development of the latter branch of the Service, and contemplated formation of Camps of Instruction.
- J.—The reduction of the Garrison in British North America accounts for this Decrease.
- K.—An increased Expenditure for Sanitary Purposes is estimated for Ceylon and China; but notwithstanding the larger number of Barracks that will be occupied at Home, such reductions of Expenditure have been made at Aldershot as to leave the Total Vote much as it stood last year.

V O T E 11.

CLOTHING ESTABLISHMENTS, SERVICES, AND SUPPLIES.

Increase - - - £. 327,000.

- A.—The Increase of charge for Establishment is due to the transfer of charge from Vote 16. A considerable reduction has been effected on the combined Establishments. The increased charges under the remaining Sub-heads is due to the Increase in the Regular and Reserve Forces. The stock in hand, moreover, will not be drawn upon to so large an extent as heretofore. A Reserve Store of Great Coats and Boots will be thus provided, and a considerable stock of Materials and Necessaries retained on hand.

V O T E 12.

ESTABLISHMENTS OF MANUFACTURING DEPARTMENTS, AND SUPPLY AND REPAIR OF WARLIKE STORES.

Increase - - - £. 995,400.

The increase under this Vote is chiefly due to Expenditure upon the Manufacture of Guns for the Fortifications which are approaching completion, and for 35-ton Guns and Reserves for the Navy.

A supply of Snider Rifles is required to replace those issued from Store to the Reserve Forces; and additional Expense arises in consequence of the introduction of a new Small Arm at the same time.

The ammunition for the Breech-loading Arm is 50 per cent. more costly than that for the Muzzle-loading Arm.

The Reserve of Field Guns for the increased Force of Artillery is to be increased.

Gunpowder and Gun Cotton for a supply of Torpedoes are for the first time provided.

Pebble Powder has been introduced into the Service, and a supply will be obtained from the Trade.

Transport Carriages will be constructed in accordance with the Reports of the Committees which have been recently considering the question of the Patterns to be adopted.

An increase in the Store of Camp Equipage to provide for Camps of Instruction has been provided for.

The Charges for Saddlery and Accoutrements are larger than those for last year, owing to the increase in Field Artillery and Cavalry, and the additional Force of Militia.

The Charge for Repairs of Hospital Bedding (including the Washing) has been transferred from Vote 10 to this Vote, and included under the item Miscellaneous Stores.

V O T E 13.

WORKS.

Increase - - - £. 288,400.

- A.—Provision is made under this Sub-head for the Pay of the Inspector General of Fortifications and Deputy Director of Works, last year provided in Vote 16. Three additional Officers are to be temporarily employed upon the Plans for defensive positions. Additions have been made to the Subordinate Staff to replace Barrack Serjeants, and to take charge of New Forts and Buildings which have been completed.
- C.—Provision has been made for the expense of Surveys of defensive positions around London, and between London and the Coast.
- F.—The charge for maintenance of Telegraphs has been transferred to Vote 13.
- G.—The Engineering services in connection with Torpedo Defences of the principal Military Stations at Home and Abroad are here provided for, consisting mainly of the Telegraph Wires and Instruments.
- H. I.—The charge for services executed by the Engineer Department for Experiments in Artillery and Military Engineering are transferred to this Vote from Vote 15.
- J. K.—Eight thousand pounds have been provided for the purchase of Rope Mantlets and Steam Machinery for Engineer Parks, for the equipment of fortresses.
- L.—New fortifications are proposed at Dover, Harwich, and Malta, and a new Powder Magazine on the Medway.
- M. P. S.—Provision is made for additional Barrack accommodation at various stations, rendered necessary by the increase of Field Artillery; and also for alterations, improvements, and repairs to the Barracks generally, consequent on the increased force stationed at Home.
- N.—The new works proposed for the Manufacturing Departments are detailed in page 61 of the Army Estimates.

V O T E 14.

ESTABLISHMENTS OF MILITARY EDUCATION.

Increase - - - £. 400.

- A.—The establishment of the Office of the Director of Military Education has been reduced, in consequence of its being removed to Pall Mall.
- D.—Several reductions in the Instructional Staff at the Military Academy have been effected.
- E.—During 1871-2 the Military College, Sandhurst, will be occupied by classes of gentlemen who have already passed their examinations for direct Commissions, and are waiting to receive their Commissions. As their number does not equal that of the former Cadets, several modifications have been made in the Establishment.
- D.—The Salaries of some of the Professors at the Staff College have been increased, and Professors of Geology and Chemistry added to the Establishment.
- F.—Various improvements in the Status and Pay of the Army Schoolmasters have been made on the recommendation of the Royal Commission on Military Education.
- I.—The Classes for instruction of Artillery Officers on their appointment to the Corps are to be reorganised, and their duration extended; an increase to the Salaries of the Director, and an addition of two Instructors to the Staff have been proposed.
- J.—There were no appointments to the Medical Staff of the Army during last year, but as all the Supernumerary Officers have now been absorbed, the allowances for 66 Probationers under Instruction and Examination at Netley have been included in the Estimates.

V O T E 15.

MISCELLANEOUS SERVICES.

Decrease - - - £. 7,300.

- B.—Increased provision is made to cover the cost of Engineer Committees, whilst the decrease under the item of Miscellaneous Expenses connected with experiments is a transfer of certain of these charges to the Works Vote.
- C.—A sum has been included to cover Rewards at present under consideration, which when determined upon will be submitted individually.
- K.—The chief cause of the reduction is the decreased provision for the application of the Contagious Diseases Prevention Act to the Colonies.
- M.—An expensive litigation in British North America having come to an end, it is anticipated the reduced Estimate will suffice to meet the charges of the year.
- P.—Provision is made for extra charge for Field Allowance to Officers encamped.
- S.—The majority of the claims for the Abyssinian and New Zealand Medals were provided for in the Estimates for 1870-71.

V O T E 16.

ADMINISTRATION OF THE ARMY.

Decrease - - - £. 23,300.

As explained in the Note on the Estimates, 9,639 l. of this sum arises from transfers of charges to other Votes. On the other hand, the Pay of the Inspector General of Reserves and Recruiting, amounting to 2,000 l., are now included in this Vote. The saving effected last year on this Vote was 6,068 l. This year the saving is 13,085 l., besides the 2,000 l. alluded to, and there is a further contemplated reduction of expense of 15,646 l.

War Office,

ARMY (MEDICAL DEPARTMENT).

RETURN to an Address of the Honourable The House of Commons,
dated 17 May 1871;—for,

RETURN of the OFFICERS of the ARMY (MEDICAL DEPARTMENT) who are now Employed in the Office of the Director General, specifying Name, Rank, Capacity in which Employed, and Periods from which and to which they have been so Employed:—

and, Copy of ORDERS or LETTERS which prescribe assigned Period for the Employment of Military Officers at the War Office or Horse Guards.”

War Office, }
20 June 1871. }

EDWARD CARDWELL.

RETURN of the OFFICERS of the ARMY (MEDICAL DEPARTMENT) who are now Employed in the Office of the Director General, specifying Name, Rank, Capacity in which Employed, and Periods from which and to which they have been so Employed.

N A M E.	R A N K.	Capacity in which Employed.	Period from which so Employed.	Period to which so Employed.
Balfour, T. G.	- Deputy Inspector General.	Head of Statistical Branch - - -	July 1859	To present date.
Massy, H. H.	- - - ditto -	Head of Sanitary Branch - - -	April 1867	- - ditto.
Crawford, T.	- - - ditto -	Head of Medical Branch - - -	Feb. 1865	- - ditto.
Fitzgerald, T. G.	- Staff Surgeon	Inspecting and superintending issue of medical and surgical supplies; examination of medical bills, and general professional duties; Boards, &c.	April 1859	- - ditto.
Kidd, L.	- - - ditto -	Assistant in Statistical Branch, and general professional duties; Boards, &c.	March 1867	- - ditto.
Marston, J. A.	- -- ditto -	Assistant in Sanitary Branch, and general professional duties; Boards, &c.	April „	- - ditto.

It has been decided that the office of Director General shall be tenable for seven years. No period of tenure has been fixed for the other appointments, which are not Staff but special appointments.

Edward Lugard.

ARTICLE 115 of the PAY WARRANT of 27th December 1870.

ALL Staff appointments, except those of officers on Our Personal Staff, of Our Commander in Chief, and of officers on his Personal Staff, shall be held for five years only, unless the officers shall be re-appointed under special circumstances. Service on the General and Personal Staff shall reckon as full-pay service.

ARTICLE 417 of the PAY WARRANT of 27th December 1870.

THE duties of the various departments shall be superintended and directed by the heads of such departments, who shall act under the orders of Our Secretary of State. The rate of pay of the heads of the various departments of Our Army shall be fixed from time to time by Our Secretary of State, and the appointments shall be held for five years only, subject to renewal, in the event of Our Secretary of State considering it beneficial for the public service.

RETURN of the Officers of the ARMY (MEDICAL
DEPARTMENT) who are now employed in the Office
of the Director General, specifying Name, Rank,
Capacity in which employed, and Periods from which
and to which they have been so employed; and,
Copy of Orders or Letters which prescribe assigned
Period for the Employment of Military Officers at
the War Office or Horse Guards.

(*Mr. Stacpoole.*)

*Ordered, by The House of Commons, to be Printed,
23 June 1871.*
